

TABLE OF CONTENTS

FOREWORD	V
INTRODUCTION	VII
TABLE OF CONTENTS	XI
CHAPTER I	
GENERAL REFERENCES AND TOOLS	
1. SOME WORKS ON THE PHILOSOPHY AND METHODOLOGY OF HISTORY (incl. some bibliographical guides)	1
2. COMPREHENSIVE WORKS ON THE HISTORY OF SCIENCE AND CIVILIZATION	5
3. COMPREHENSIVE STANDARD BIBLIOGRAPHIES AND BIOGRAPHICAL DICTIONARIES	29
<i>α. BIBLIOGRAPHIES</i> (incl. some bibliographical periodicals and some library catalogues)	
<i>a. General</i> (incl. some bibliographies of bibliographies, bibliographies dealing with gastronomy, geography, alchemy and chemistry, hunting, psychology, occult sciences, <i>etc.</i>)	29
<i>b. General biology</i> (incl. anatomy, genetics, <i>etc.</i>)	40
<i>c. Plant sciences</i> (excl. bibliographies of a regional importance; for these bibliographies, <i>vide</i> section History of the plant sciences, subsection Regional histories)	45
<i>c1. Pure plant sciences</i>	45
<i>c2. Applied plant sciences</i> (<i>i.e.</i> , agriculture, forestry, and horticulture)	49
<i>d. Animal sciences</i> (incl. veterinary science)	53
<i>e. Medical sciences</i> (incl. therapy, pharmacy, <i>etc.</i> , excl. bibliographies of a regional importance; for these works, <i>vide</i> section History of Medicine, subsection Regional Histories)	61
<i>β. BIOGRAPHICAL DICTIONARIES</i> (incl. some cumulative biographies)	73
<i>a. General</i> (incl. some dictionaries of national biography and some dictionaries of scientists)	73
<i>b. Biology</i> (incl. veterinary science)	79
<i>c. Medical sciences</i> (incl. therapy, pharmacy, <i>etc.</i> , excl. biographical dictionaries of a regional importance; for these works, <i>vide</i> section History of Medicine, subsection Regional Histories)	83
4. SOME RECOMMENDED ENCYCLOPAEDIAS, CHRONOLOGIES, HISTORICAL ATLASES, DICTIONARIES, EXPLANATORY GLOSSARIES, TAXONOMIC INDEXES, AND OTHER AUXILIARY REFERENCE WORKS	89
<i>a. Some general works of reference</i> (guides to reference books, chronologies and encyclopaedias of science and history, explanatory glossaries of scientific terms, philosophical, psychological, and geographical dictionaries, guides to literature on travel, <i>etc.</i>)	89
<i>b. Biology</i> (incl. anatomy, embryology, anthropology, genetics, physiology, bacteriology, <i>etc.</i> , excl. botany and zoology)	101
<i>c. Plant sciences</i>	111
<i>c1. Pure plant sciences</i>	111
<i>c2. Applied plant sciences</i> (<i>i.e.</i> , agriculture, viticulture, forestry, and horticulture)	119
<i>d. Animal sciences</i> (incl. apiculture and veterinary science)	128
<i>e. Medicine</i> (incl. dentistry, therapy, pharmacy, <i>etc.</i>)	133
CHAPTER II	
HISTORIOGRAPHY OF THE LIFE AND MEDICAL SCIENCES	149
1. PHILOSOPHY OF THE LIFE SCIENCES AND THEIR HISTORICAL ASPECTS	149
A. HISTORIOGRAPHY OF THE LIFE AND MEDICAL SCIENCES DURING THE ANCIENT AND MEDIAEVAL PERIODS: CHRONOLOGICAL AND	

ETHNOGRAPHICAL	157
1. ANTIQUITY IN GENERAL (<i>i.e.</i> , works dealing with various cultures)	157
a. History of science and culture in general	157
b. History of the plant and animal sciences	166
c. History of the medical sciences	171
2. LIFE AND MEDICAL SCIENCES IN PREHISTORIC TIMES (incl. palaeopathology, folk medicine, ethnobiology, and some folkloristic aspects of biology)	181
a. <i>General</i>	181
b. <i>Prehistoric and primitive biology</i> (incl. some folkloristic aspects)	193
c. <i>Prehistoric and primitive medicine</i>	198
c1. <i>Palaeopathology</i>	198
c2. <i>Primitive medicine</i> (incl. such aspects as: shamanism, fetishism, sorcery, amulets, and some other aspects of folk medicine, rational as well as magical)	200
d. <i>Some regional histories on primitive biology and medicine</i>	208
d *. Europe	208
d **. America	216
d***. Other parts of the world	225
3. LIFE AND MEDICAL SCIENCES IN EGYPT	231
a. History of science and culture in general	231
b. History of the plant and animal sciences	236
c. History of the medical sciences	240
d. History of Coptic medicine	250
4. LIFE AND MEDICAL SCIENCES IN MESOPOTAMIA	251
a. History of science and culture in general (incl. literature on divination, omens, incantations, etc.)	251
b. History of the plant and animal sciences	255
c. History of the medical sciences	259
5. LIFE AND MEDICAL SCIENCES IN INDIA	263
a. History of science and culture in general	263
b. History of the plant and animal sciences	269
c. History of the medical sciences	273
6. LIFE AND MEDICAL SCIENCES IN THE FAR EAST	281
a. History of science and culture in general	281
b. History of the plant and animal sciences	288
c. History of the medical sciences	297
7. LIFE AND MEDICAL SCIENCES OF THE HEBREWS (incl. Biblical and Talmudic biology and medicine)	311
a. History of science and culture in general	311
b. History of the plant and animal sciences	314
c. History of the medical sciences	318
d. Some individual scientists	323
8. LIFE AND MEDICAL SCIENCES IN CLASSICAL ANTIQUITY	325
α. <i>Literature covering the whole period</i>	325
a. History of science, philosophy, and culture in general	325
b. History of the plant and animal sciences	335
c. History of the medical sciences	341
β. <i>Ancient Greece</i>	347
a. History of science, philosophy, and culture in general	347
b. History of the plant and animal sciences	354
c. History of the medical sciences	357
c* Hippocratic medicine	359
d. Some individual philosophers and scientists	369
γ. <i>Rome and Hellenism</i>	382
a. History of science, philosophy, and culture in general	382
b. History of the plant and animal sciences	384
c. History of the medical sciences	389
d. Some individual scientists and philosophers	393

9. LIFE AND MEDICAL SCIENCES IN THE NEAR EAST IN THE MIDDLE AGES	421
α. <i>Life and medical sciences in Byzantium</i>	421
a. History of science and culture in general	421
b. History of the plant, animal, and medical sciences	422
c. Some individual scientists	424
β. <i>Life and medical sciences in Syria</i>	430
a. History of the medical sciences	430
b. Some individual scientists	431
<i>Life and medical sciences in Persia</i>	434
a. History of the plant, animal, and medical sciences	434
b. Some individual scientists	437
γ. <i>Life and medical sciences of the Arabs</i> (incl. some Islamic aspects)	439
a. History of science and culture in general	439
b. History of the plant and animal sciences	444
c. History of the medical sciences	447
d. Some individual scientists	456
10. LIFE AND MEDICAL SCIENCES IN THE LATIN WEST IN THE MIDDLE AGES (ca. 500 - 1450)	485
a. History of science and culture in general	485
b. History of the plant and animal sciences	489
c. History of the medical sciences	500
c*. Salernitan medicine	517
d. Some individual scientists	521

B. HISTORIOGRAPHY OF THE LIFE AND MEDICAL SCIENCES DURING THE RENAISSANCE AND LATER PERIODS, ACCORDING TO SUBJECT 559 (incl. general histories)

1. HISTORY OF THE LIFE SCIENCES IN GENERAL	559
a. History of general biology (incl. taxonomy)	559
b. History of human biology (incl. anthropology)	580
c. History of human and animal behaviour	586
d. History of anatomy (incl. cytology and histology)	596
e. History of embryology	603
f. History of physiology	605
g. History of microbiology	614
h. History of genetics and evolution theory	617
h *. History of palaeontology	630
h**. History of the domestication of animals and plants	632
i. History of plant and animal geography (incl. ecology)	635
2. HISTORY OF THE ANIMAL SCIENCES	637
a. History of zoology in general	637
a *. History of entomology	644
a**. History of ornithology	648
b. History of veterinary science	651
3. HISTORY OF THE PLANT SCIENCES	655
α. <i>History of the pure plant sciences</i>	655
a. History of botany in general	655
b. Some regional histories of the pure plant sciences	666
b *. Europe	666
b**. Other parts of the world	673
β. <i>History of the applied plant sciences</i>	677
a. History of agriculture	677
b. History of horticulture	682
c. History of forestry	686
d. History of phytopathology and mycology	687
e. Some regional histories of the applied plant sciences	690
e *. Europe	690
e**. Other parts of the world	707

4. HISTORY OF THE MEDICAL SCIENCES (incl. therapy)	715
<i>α. History of the medical sciences in general</i>	715
a. General histories of medicine	715
b. Some regional medical histories of a more general importance	737
b *. Europe	737
b **. Other parts of the world	759
c. Histories of some specialties of a more general importance (incl. the histories of some diseases)	773
c1. Allergology	773
c2. Blood- and cardiovascular diseases	773
c3. Dentistry	774
c4. Dermatology and venereology	777
c5. Endocrinology	780
c6. Geriatrics	780
c7. Hepatology	781
c8. Neurology and psychiatry	782
c9. Obstetrics and gynaecology	788
c10. Ophthalmology	791
c11. Orthopaedics	792
c12. Oto-, rhino-, laryngology	793
c13. Paediatrics	794
c14. Parasitology	795
c15. Pathology	796
c15. *. Avitaminoses	799
c15 **. Diabetes	800
c15 ***. Infectious diseases	800
c16. Rheumatic diseases	809
c17. Tumours	809
c18. Röntgenology	809
c19. Surgery (and anaesthesiology)	810
c20. Tropical medicine	816
c21. Urology	817
d. History of some social aspects of medicine ("Community and disease")	817
d1. General aspects	817
d2. History of medical education and the medical profession	819
d3. History of the care of the sick	822
d4. History of hygiene (public health, epidemiology, medical geography, and preventive medicine)	826
d4 *. History of public health, industrial hygiene and occupational diseases	826
d4 **. History of epidemiology and medical geography	831
d4 ***. History of preventive medicine, immunization, etc.	835
d5. History of military, naval, and aviation hygiene and medicine	837
<i>β. History of therapy</i>	841
a. Works of a more or less general importance	841
a1. History of therapy in general	842
a2. History of pharmacotherapy	845
a2 *. History of pharmacy, pharmacognosy, and the apothecary	845
a2 **. History of pharmacology and toxicology (excl. chemotherapy)	851
a2 ***. History of chemotherapy (esp. of antibiotics)	854
b. Some works of a regional importance	856
b *. Europe	856
b **. America (North and South)	860

SELECTED LIST OF BIOGRAPHIES, BIBLIOGRAPHIES, ETC., OF FAMOUS BIOLOGISTS, MEDICAL MEN, ETC., INCLUDING SOME MODERN REISSUES OF THEIR PUBLICATIONS	863
---	-----

INDEX OF PERSONAL NAMES	1037
