MOTIVATIONAL CHOICES IN TASK GROUPS: A PARADIGM FOR SOCIAL DILEMMA RESEARCH	1
--------------------------------------------------------------------------------	---

Kerr, N.L.

Methodological considerations for the group performance paradigm	4
Advantages and disadvantages	4
Selection of performance task	5
Group motivation research relevant to social dilemmas	6
Free-riding	6
The sucker effect	9
Social loafing	10
Remedies for motivation losses in group performance dilemmas	12
New directions for research	19
References	22

INDIVIDUAL RESTRAINT AND STRUCTURAL CHANGE AS SOLUTIONS TO SOCIAL DILEMMAS	29
-------------------------------------------------------------------------------	----

Samuelson, C.D., Messick, D.M., Wilke, H.A.M. and
Rutte, C.G.

Study 1	35
Results of study 1	39
Discussion of study 1 findings	42
Study 2	43
Results of study 2	45
Some conclusions	49
References	52

**LEADERSHIP IN SOCIAL DILEMMAS:
EFFICIENCY AND EQUITY**

55

Wilke, H.A.M., Rutte, C.G., Wit, A.P., Messick, D.M.
and Samuelson, C.D.

Restricting free access	56
Giving up free access by electing a leader	57
Related issues	62
Cultural differences	62
When more decision making alternatives are available	64
Social support for a leader	67
General discussion	71
References	75

**CONTRIBUTIONS TO CHURCHES:
A RESEARCH PROPOSAL**

77

Bonacich, P.H

Theory	79
Application to church congregations	81
Conclusions	84
References	85

INDIVIDUAL BEHAVIOUR IN REAL LIFE SOCIAL DILEMMAS: A THEORY AND SOME RESEARCH RESULTS	87
------------------------------------------------------------------------------------------	----

Klandermans, B.

A theory on behaviour in real life social dilemmas	88
An analysis of the dilemma situation	92
Method	94
Subjects	94
Questionnaire	95
Results	96
Willingness to participate and collective incentives	98
Willingness to participate and selective incentives	102
A summarizing regression analysis	103
Determinants of the perceived effectiveness of union action	104
Discussion	106
References	110

THE UBIQUITY OF SOCIAL VALUES IN SOCIAL DILEMMAS	113
--------------------------------------------------	-----

Liebrand, W.B.G.

Social dilemmas; a classification	113
Real-life examples of the PGD, the CDG and the TDG	116
Subjective transformations of the payoff matrix	119
Social value measurement techniques	121
Social values and the NPD, the NCD and the NTD	122
Results	123
Social values and the sequence dilemma	125
Seven person groups, with and without communication	126
Seven person groups in the U.S.A. and in the Netherlands	127
Twenty person groups	128
Conclusions	129
References	131

EFFECTS OF CHANGE IN A COMMON GOOD AND CHOICE BEHAVIOUR IN A SOCIAL DILEMMA	135
Poppe, M.	
Greed and fear	138
Experiment 1 (Poppe and Utens, in press)	140
Contingency of feedback	142
Experiment 2 (Poppe and Goossens, 1985)	144
References	148
INDIVIDUAL DIFFERENCES IN SOCIAL ORIENTATION	151
Kuhlman, D.M., Camac, C.R. and Cunha, D.A.	
The assessment of social orientation	152
Correlation of other gaming responses with orientation	155
Prisoner's dilemma interaction as a function of orientation	156
Stability of social orientation	159
Social orientation and expectations about others	159
Social orientation and learned industriousness	160
Social orientation and social comparison	161
Social orientation: Motivational or strategic	164
Cooperators	164
Competitors	166
Social orientation and interpersonal trust	168
Conclusion	169
References	174

DOING WELL AND DOING GOOD AS WAYS OF RESOLVING
SOCIAL DILEMMAS

177

van de Kragt, A.J.C., Dawes, R.M., Orbell, J.M.,
Braver, S.R. and Wilson, L.A. II.

General design considerations	181
Experiment one: Contingent interest	183
Findings: Contingent interest	186
Discussion as a facilitator of self-interest?	189
Discussion as a promotor of group-regardingness?	192
Conclusions	197
References	200

SOCIAL GROUP IDENTITY AND THE EMERGENCE OF
COOPERATION IN RESOURCE CONSERVATION DILEMMAS

205

Kramer, R.M. and Brewer, M.B.

Individual decision making and social identity	206
Collective versus subgroup level group identity	209
A computer-based analogue of a resource dilemma	210
Task instructions	212
Feedback	213
Dependent measures	214
Experiment 1	214
Experiment 2	216
Experiment 3	219
Experiment 4	221
Integration of research findings	225
References	231
