PREFACE	xiii
CHAPTER 1 INTRODUCTION	1
Truths and Falsehoods about Addiction	2
The Seven Drug Families	3
Addiction as a Public Health Problem	5
Addiction as an Infectious Disease	9
What Does the Author Know, and How Does He Know It?	11
PART ONE ADDICTIVE DRUGS AND THE BRAIN	13
CHAPTER 2 THE BRAIN'S OWN DRUGS	15
Chemical Transmission	16
The Neurotransmitters	21
The Endogenous Opioids	22
Discovering Dynorphin	26

CONTENTS

CHAPTER 3	LOCKS FOR THE ADDICTIVE KEYS	31
Binding		32
Receptor Structure		37
Addictive Drugs and Receptors		40
CHAPTER 4	ADDICTIVE BEHAVIOR	45
How Rats Tell One Drug from Another		46
Can People Do As Well As Rats?		49
Taking a Drug, Again and Again		50
Feels So Good!		53
How Rats Learn Where to Get Their “Fix”		56
Reward Pathways		57
Rewarding and Aversive Opioids		59
CHAPTER 5	PAIN AND PLEASURE	61
Suppression of Pain by Endogenous Opioids		62
How Antagonists Reveal Ongoing Opioid Activity		66
Pain Suppression by Acupuncture		70
Endogenous Opioids and the Emotions		71
CHAPTER 6	TOLERANCE AND DEPENDENCE	73
Tolerance		73
Dependence		77
Brain Mechanisms of Tolerance and Dependence		80
CHAPTER 7	ARE ADDICTS BORN OR MADE?	85
A Speculative Scenario		85
Genes and Environment		87
Predisposition to Addiction in Animals		90
Predisposition to Addiction in Humans		93
Addiction-Prone Genes?		95

CONTENTS

PART TWO	THE DRUGS AND THE ADDICTS	99
CHAPTER 8	ADDICTIVE SUICIDE	
	NICOTINE	101
	The Fast Track from Lungs to Brain	102
	Smoking and Health	105
	A Low-key High	111
	Treating Nicotine Addiction	113
CHAPTER 9	DRINK, AND BE MERRY?	
	ALCOHOL AND RELATED DRUGS	119
	Fermentation, Distillation, Intoxication	120
	Being Drunk	121
	Other Drugs in the Alcohol Family	123
	Are There Alcohol Receptors?	125
	Alcohol Dependence and Withdrawal	127
	Health Hazards of Alcohol Use	128
	Treating Alcohol Addiction	131
CHAPTER 10	ADDICTIVE TRANQUILITY	
	THE OPIATES	137
	Pain Relief by Opiates	138
	A Medication That Is Too Good	141
	Methadone Maintenance	142
	Treating Heroin Addicts in San Jose	144
	Long-term Results of Methadone Maintenance	150
	Twenty Years at the Foot of Sandia	152
CHAPTER 11	THE WILD ADDICTIONS	
	COCAINE AND AMPHETAMINES	155
	The Most Powerful Stimulants	156
	A Drug to Drive You Crazy	159
	Not Addictive?	161

CONTENTS

Crack Babies	161
Treating Cocaine and Amphetamine Addiction	163
CHAPTER 12 HIGHS AND LOWS OF GETTING STONED CANNABIS	169
Behavioral Effects	170
Long-term Use	173
How Dangerous is Cannabis to Society?	176
CHAPTER 13 THE GENTLE STIMULANT CAFFEINE	179
Effects on Performance	180
Sleep Disturbance	182
Rewarding Effects	184
Toxicity and Dependence	187
CHAPTER 14 CHEMICAL FANTASIES THE HALLUCINOGENS	191
Substances Related to the Structure of Serotonin	192
Substances Related to the Structures of Dopamine and Amphetamine	195
Phencyclidine (PCP, “angel dust”)	198
Another Magic Mushroom	199
Hallucinogens and Addiction	200
PART THREE DRUGS AND SOCIETY	203
CHAPTER 15 JUST SAY NO?	205
Prevention	206
Treatment	215
Relapse	219
CHAPTER 16 LESSONS FROM THE STREET	225
Crime and Punishment	225

CONTENTS

"Not in My Back Yard"	228
Clean Needles, Safe Sex	230
CHAPTER 17 LESSONS FROM ABROAD	237
The British Approach	238
Going Dutch: Soft and Hard Drugs	243
"Needle Park"	248
CHAPTER 18 THE LEGALIZATION DEBATE	253
Supply Reduction, Demand Reduction	253
Corruption	255
Was Prohibition a Failure?	257
"The Drugs I Use Are None of Your Business"	261
"Give Them the Drugs They Want"	263
CHAPTER 19 NEW STRATEGIES FOR THE WAR ON DRUGS	267
General Policies	268
Drug-by-Drug Policies	277
What Next?	285
SUGGESTIONS FOR FURTHER READING	289
INDEX	309
