INTRODUCTION

Business Process Reengineering: Where It's Been, 1 ***Where It's Going***

Thomas H. Davenport, University of Texas, Austin

PART I: OVERVIEW 14

Chapter 1

Technological and Organizational Enablers of 16 ***Business Process Reengineering***

Varun Grover, University of South Carolina

James T.C. Teng, University of South Carolina

Kirk D. Fiedler, University of South Carolina

Chapter 2

Business Process Redesign : A Framework for 34 ***Harmonizing People, Information and Technology***

Donald A. Marchand, International Institute for

Management Development (IMD), Switzerland

Michael J. Stanford, IMD, Switzerland

Chapter 3

Business Process Reengineering: Theory and 57 ***Practice — Views from the Field***

Paul E. Cule, Georgia State University

Chapter 4

Understanding Business Process Reengineering: 78 ***A Sociocognitive Contingency Model***

Matthew J. Klempa, Klempa & Associates

PART II: INFORMATION TECHNOLOGY 123

Chapter 5

The Place of Information Technology and 125
Radical /Incremental Organizational Change
in Business Process Redesign

Robert D. Galliers, The University of Warwick, UK

Chapter 6

Automation, Business Process Reengineering 143
and Client Server Technology: A Three Stage
Model of Organizational Change

Maggie O'Hara, University of Georgia

Rick Watson, University of Georgia

Chapter 7

The Search for Processes to Reengineer: 165
Avoiding the Pitfalls of Strategic
Information Systems Planning

Albert L. Lederer, University of Kentucky

Vijay Sethi, University of Oklahoma

Chapter 8

Alternative IT Strategies: Organizational 187
Scope and Application Delivery

Jesus A. Ponce De Leon, Southern Illinois University

Arun Rai, Southern Illinois University

Arlyn Melcher, Southern Illinois University

PART III: METHODS 208

Chapter 9

The Process Reengineering Life Cycle 211
Methodology: A Case Study

William J. Kettinger, University of South Carolina

Subashish Guha, AT&T/GIS Corporation

James T. C. Teng, University of South Carolina

Chapter 10

A Framework and a Suite of Methods for 245
Business Process Reengineering

Richard J. Mayer, Texas A&M University

Perakath C. Benjamin, Knowledge-Based Systems, Inc.

Bruce E. Caraway, Knowledge-Based Systems, Inc.

Michael K. Painter, Knowledge-Based Systems, Inc.

Chapter 11	
Business Reengineering with Business Rules	291
Dan Appleton, D. Appleton Company, Inc.	

Chapter 12	
Process Modelling - Who, What and How —	330
Role Activity Diagramming	
Tim Huckvale, PRAXIS, UK	
Martyn Ould, PRAXIS, UK	

Chapter 13	
Reengineering and REAL Business Process	350
Modeling — Event Driven Modeling	
Eric L. Denna, Brigham Young University	
Jon Jaspersen, Florida State University	
Lee Tom Perry, Brigham Young University	

Chapter 14	
Value-based Business Process Reengineering:	376
An Objective Approach to Value Added	
Valery Kanevsky, Pacific Bell	
Thomas J. Housel, Telecom Italia, Italy	

Chapter 15	
Lessons Learned from Business Engineering with.....	402
the Amsterdam Police Force — Dynamic Modelling	
Jeroen W. van Meel, Delft University of Technology	
Pieter W. G. Bots, Delft University of Technology	
Henk G. Sol, Delft University of Technology	

PART IV: IMPLEMENTATION	425
--------------------------------------	------------

Chapter 16	
Strategy Congruence and BPR Rollout	428
Victoria Mitchell, North Carolina State University	
Robert W. Zmud, Florida State University	

Chapter 17	
Assessing Customer Value for Reengineering:	453
Narcissistic Practices and Parameters from the Next Generation	
Aleda V. Roth, University of North Carolina	
Jerry Julian, Rath and Strong, Inc.	
Manoj K. Malhotra, University of South Carolina	

Chapter 18	
When People Work Scared: Understanding	475
Attitudes and Gaining Commitment in Business Process Reengineering	
Nancy P. Melone, University of Oregon	

Chapter 19	
<i>Business Process Reengineering, Politics and</i>	493
<i>Management: From Methodologies to Processes</i>	
Gill Smith, OLM Systems, UK	
Leslie Willcocks, Templeton College, Oxford University, UK	

Chapter 20	
<i>Public Sector Reengineering: Applying Lessons Learned</i>	526
<i>in the Private Sector to the U.S. Department of Defense</i>	
Thomas R. Gulledge, George Mason University	
David H. Hill, David H. Hill, Inc.	
Edgar H. Sibley, George Mason University	

Chapter 21	
<i>Assessment of the Impact of BPR and</i>	556
<i>Information Technology Use on Team</i>	
<i>Communication: The Case of ICL Data</i>	
Juha Parnisto, Turku School of Economics and Business	
Administration, Finland	

PART V: THE INFORMATION SYSTEMS FUNCTION589

Chapter 22	
<i>Business Process Reengineering and the Role</i>	591
<i>of the Information Systems Professional</i>	
M. Lynne Markus, The Claremont Graduate School	
Daniel Robey, Florida International University	

Chapter 23	
<i>Reengineering the IS Function: A Managerial</i>	612
<i>Perspective</i>	
Heather A. Smith, Queen's University, Canada	
James D. McKeen, Queen's University, Canada	
R. Ryan Nelson, University of Virginia	

Chapter 24	
<i>Toward Reengineering the Information Systems.....</i>	630
<i>Development Processes</i>	
Rajiv Sabherwal, Florida International University	

Chapter 25	
<i>Surviving Business Process Redesign:</i>	650
<i>The Impact on IS</i>	
Robert Zeibig, Nolan, Norton & Company
