<i>List of Contributors</i>	vii
<i>Preface</i>	ix
1 Introduction <i>Raimund Erbel and Junbo Ge</i>	1
2 The history of intravascular ultrasound <i>Jos R T C Roelandt and Nicolas Bom</i>	11
3 Technical aspects of intravascular ultrasound <i>Lothar Koch and Thomas Roth</i>	17
4 Technical aspects of intracoronary Doppler <i>Carlo Di Mario, Lucia Di Francesco and Akira Itoh</i>	31
5 Normal values: coronary flow <i>Carlo Di Mario and Morton Kern</i>	43
6 Three-dimensional reconstruction of intracoronary ultrasound <i>Clemens von Birgelen, Pim J de Feyter and Jos R T C Roelandt</i>	51
7 Tissue characterization <i>Paulina Ramo and Timothy Spencer</i>	61
8 Intracardiac ultrasound imaging <i>Junbo Ge, Günter Gorge and Raimund Erbel</i>	69
9 Characteristic plaque morphology <i>Junbo Ge and Raimund Erbel</i>	77
10 Distribution of atherosclerosis <i>Vijay T Shah, Junbo Ge, Mahmoud Ashry and Raimund Erbel</i>	81
11 Coronary artery remodeling in atherosclerotic disease <i>Junbo Ge and Raimund Erbel</i>	91
12 The acute coronary syndromes <i>Peter Kearney</i>	95
13 Intravascular ultrasound imaging of ruptured plaques <i>Junbo Ge and Raimund Erbel</i>	105
14 Coronary dissections: evaluation with intravascular ultrasound <i>Peter Kearney</i>	115
15 The left main coronary artery <i>Junbo Ge and Raimund Erbel</i>	125
16 Myocardial bridging <i>Junbo Ge and Raimund Erbel</i>	131
17 Ambiguous lesions <i>Dietrich Baumgart</i>	139

18	Coronary artery disease in transplanted hearts <i>Junbo Ge, Dietrich Baumgart, Michael Haude and Raimund Erbel</i>	147
19	Intravascular ultrasound imaging of saphenous vein grafts <i>Fengqi Liu, Raimund Erbel, Junbo Ge and Günter Gorge</i>	153
20	Mechanisms of percutaneous transluminal coronary balloon angioplasty assessed by ultrasound imaging: prediction of immediate results <i>Robert Gil, Carlo Di Mario, Francesco Prati, Clemens von Birgelen, Jos R T C Roelandt and Patrick W Serruys (with the technical assistance of W M van Swijndregt and J Ligthart)</i>	163
21	Mechanisms of percutaneous transluminal coronary angioplasty assessed by intravascular ultrasound <i>Günter Gorge, Michael Haude, Junbo Ge, Fengqi Liu and Raimund Erbel</i>	173
22	Intravascular ultrasound after coronary laser angioplasty <i>Michael Haude</i>	179
23	Assessment of balloon angioplasty and directional atherectomy with three-dimensional intracoronary ultrasound <i>Clemens von Birgelen, Antonino Nicosia, Patrick W Serruys and Jos R T C Roelandt</i>	183
24	Intravascular ultrasound to predict and assess restenosis after coronary intervention <i>Günter Gorge, Fengqi Liu, Junbo Ge, Michael Haude and Raimund Erbel</i>	191
25	Functional assessment of intracoronary Doppler: the Doppler Endpoints Balloon Angioplasty Trial Europe (DEBATE) study: preliminary results <i>Madoka Sunamura, Carlo Di Mario, Jan Piek, Erwin Schroeder, Olivier Gurné, Christian Vrints, Peter Probst, Gerold Porenta, Bernard de Bruyne, Guy Heyndrickx, Claude Hanet, Eckart Fleck, Ernst Wellnhofer, Raimund Erbel, Michael Haude, Dietrich Baumgart, Vasilis Voudris, Eduardo Verna, Herbert J Geschwind, Hakan Emanuelsson, Volker Mühlberger, Luigi Campolo, Gan Bapptistta Danzi, Joj Peels, Robert Gil and Patrick W Serruys</i>	199
26	Assessment of high-frequency rotational angioplasty with intravascular ultrasound <i>Junbo Ge and Raimund Erbel</i>	209
27	Intravascular ultrasound after directional coronary atherectomy <i>Michael Haude</i>	215
28	Ultrasound angioplasty <i>Dietrich Baumgart and Michael Haude</i>	219
29	Intravascular ultrasound in coronary artery stents <i>Günter Gorge, Michael Haude, Junbo Ge and Raimund Erbel</i>	227
30	Stenting: functional assessment using Doppler flow velocimetry <i>Michael Haude</i>	233
31	Three-dimensional intravascular ultrasound for stenting <i>Francesco Prati, Carlo Di Mario, Robert Gil, Clemens von Birgelen, Nico Bruining, Patrick W Serruys and Jos R T C Roelandt</i>	239
32	Intravascular ultrasound in aortic dissection <i>Günter Gorge, Thomas Buck, Junbo Ge and Raimund Erbel</i>	249
33	Three-dimensional reconstruction of transesophageal and intravascular imaging in aortic disease using IVUS catheters <i>Thomas Buck, Günter Gorge, Junbo Ge and Raimund Erbel</i>	253
34	Intravascular ultrasound in the pulmonary circulation <i>Günter Gorge and Raimund Erbel</i>	261
35	Intravascular ultrasound imaging of angiographically normal coronary arteries <i>Junbo Ge and Raimund Erbel</i>	267
36	Safety of intravascular ultrasound examination <i>Junbo Ge</i>	273
	Index	279
