Preface

xiii

PART 1. Toward More Useful Evaluations	1
1. Evaluation Use: Both Challenge and Mandate	3
Evaluation Use as a Critical Societal Issue	4
High Hopes for Evaluation	6
Historical Context	10
New Directions in Accountability	12
Standards of Excellence for Evaluation	15
2. What Is Utilization-Focused Evaluation? How Do You Get Started?	19
A Comprehensive Approach	20
The First Challenge: Engendering Commitment	22
Charitable Assessment	25
Learning to Value Evaluation	26
Generating Real Questions	29
Creative Beginnings	33
3. Fostering Intended Use by Intended Users: The Personal Factor	39
The First Step in Utilization-Focused Evaluation	41
Evaluation's Premier Lesson	50
Practical Implications of the Personal Factor	50

User-Focused Evaluation in Practice	58
Beyond Just Beginning	60
4. Intended Uses of Findings	63
Identifying Intended Uses From the Beginning	63
Three Uses of Findings	64
Applying Purpose and Use Distinctions	75
Connecting Decisions to Uses	84
5. Intended Process Uses: Impacts of Evaluation Thinking and Experiences	87
Process as Outcome	88
Process Use Defined	90
A Menu: Uses of Evaluation Logic and Processes	90
Using Evaluation to Enhance Shared Understandings	91
Evaluation as an Integral Programmatic Intervention	93
Supporting Engagement, Self-Determination, and Ownership:	
Participatory, Collaborative, and Empowerment Evaluation	97
Program and Organization Development: Developmental Evaluation	103
Concerns, Controversies, and Caveats	110
PART 2. Focusing Evaluations: Choices, Options, and Decisions	115
6. Being Active-Reactive-Adaptive: Evaluator Roles, Situational Responsiveness, and Strategic Contingency Thinking	117
Evaluation Conditions	118
Changing Uses Over Time	119
Variable Evaluator Roles Linked to Variable Evaluation Purposes	121
Situational Evaluation	126
Internal and External Evaluators	138
7. Beyond the Goals Clarification Game: Focusing on Outcomes	147
Evaluation of the Bear Project	147
Whose Goals Will Be Evaluated?	148
Communicating About Goals and Results	153
Focusing on Outcomes and Results	154
Utilization-Focused Outcomes Framework	158
Meaningful and Useful Goals	167
Levels of Goal Specification	169
The Personal Factor Revisited	174

8. Focusing an Evaluation: Alternatives to Goals-Based Evaluation	177
More Than One Way to Manage a Horse	177
Problems With Goals-Based Evaluation	179
Goal-Free Evaluation	181
A Menu Approach to Focusing Evaluations	184
Changing Focus Over Time: Stage Models of Evaluation	187
9. Implementation Evaluation: What Happened in the Program?	195
Checking the Inventory	196
The Importance of Implementation Analysis	197
Focus on Utility: Information for Action and Decisions	199
Ideal Program Plans and Actual Implementation	200
Variations and Options in Implementation Evaluation	205
Connecting Goals and Implementation	211
10. The Program's Theory of Action: Conceptualizing Causal Linkages	215
All the World's a Stage for Theory	215
Mountaintop Inferences	216
Reflections on Causality in Evaluation	216
The Theory Option in Evaluation: Constructing a Means-Ends Hierarchy	217
Three Approaches to Program Theory	219
User-Focused Theory of Action Approach	221
Getting at Assumptions and Causal Connections	225
Developing a Theory of Action as Process Use	229
Theory Informing Practice, Practice Informing Theory	232
Utilization-Focused Evaluation Theory of Action	234
Causal Theorizing in Perspective	237
PART 3. Appropriate Methods	239
11. Evaluations Worth Using: Utilization-Focused Methods Decisions	241
Methods to Support Intended Uses, Chosen by Intended Users	241
The Million Man March	244
Methods and Measurement Options	247
Assuring Methodological Quality and Excellence	248
Credibility and Use	250
Overall Evaluation Validity	251
Believable and Understandable Data	253

Trade-Offs	257
Truth and Utility	259
Designing Evaluations Worth Using: Reflections on the State of the Art	264

12. The Paradigms Debate and a Utilitarian Synthesis	265
Training	265
The Paradigms Debate	267
Dimensions of the Competing Paradigms	272
Whither the Evaluation Methods Paradigms Debate?	
The Debate Has Withered	290
Utilization-Focused Synthesis: A Paradigm of Choices	297

13. Deciphering Data and Reporting Results: Analysis, Interpretations, Judgments, and Recommendations	301
Setting the Stage for Use	302
A Framework for Reviewing Data	307
Arranging Data for Ease of Interpretation: Focusing the Analysis	307
Simplicity in Data Presentations	309
Interpretations and Judgments	315
Making Claims	321
Useful Recommendations	324
Controversy About Recommendations	326
A Futures Perspective on Recommendations	328
Utilization-Focused Reporting	329
Utilization-Focused Reporting Principles	330
Final Reflections	337

PART 4. Realities and Practicalities of Utilization-Focused Evaluation 339

14. Power, Politics, and Ethics	341
Politics and Evaluation: A Case Example	341
The Political Nature of Evaluation	343
The Power of Evaluation	348
Political Maxims for Utilization-Focused Evaluators	350
The Political Foundations of Organizing Stakeholders	
Into an Evaluation Task Force	352
Political Rules in Support of Use	356
Fears of Political Co-optation	357
Evaluation Misuse	359

Ethics of Being User-Focused	361
Guarding Against Corruption of an Evaluation	365
Moral Discourse	366
15. Utilization-Focused Evaluation: Process and Premises	371
A User's Perspective	371
The Flow of a Utilization-Focused Evaluation Process	376
The Achilles' Heel of Utilization-Focused Evaluation	380
Fundamental Premises of Utilization-Focused Evaluation	381
A Vision of an Experimenting Society and Experimenting Evaluators	384
References	387
Index	415
