Preface .....	xi
Personal Philosophy .....	xiii
Appreciation to My Teachers .....	xv
Acknowledgments .....	xix
Contributors .....	xxi

## SECTION I: APPLIED BASIC SCIENCE AND CLINICAL FUNDAMENTALS

1. Embryonic Development .....	1
<i>Raymond F. Gasser and Mark May</i>	
2. Anatomy for the Clinician .....	19
<i>Mark May</i>	
3. Microanatomy and Pathophysiology .....	57
<i>Mark May</i>	
4. Neurobiology of Regeneration and Degeneration .....	67
<i>Georg W. Kreutzberg and Gennadij Raivich</i>	
5. Skeletal Muscle: Denervation, Reinnervation, and Muscle Transplantation .....	81
<i>Bruce M. Carlson</i>	
6. Anatomy of Facial Muscles .....	95
<i>Barry M. Schaitkin and David J. Eisenman</i>	
7. The Facial Nerve in Animals .....	107
<i>Sarah May Levine and Rachel Plafker Esrig</i>	

8. Experimental Basis for Nerve Repair .....	115
<i>Rahul K. Nath and Susan E. Mackinnon</i>	
9. Histopathology of the Facial Nerve in the Temporal Bone .....	127
<i>Isamu Sando, Haruo Takahashi, Satsuki Yasumura, and Mark May</i>	
10. Pathologic Considerations in Facial Nerve Disorders: Clinicopathologic Correlations ....	153
<i>Mark May and Leon Barnes</i>	

## **SECTION II: CLINICAL EVALUATION OF THE PATIENT WITH FACIAL PARALYSIS**

11. Office Evaluation of the Patient with Facial Palsy: Differential Diagnosis and Prognosis ...	179
<i>Barry M. Schaitkin, Mark May, and Susan R. Klein</i>	
12. Topognostic, Otovestibular, and Electrical Testing: Diagnosis and Prognosis .....	213
<i>Barry M. Schaitkin, Mark May, and Susan R. Klein</i>	
13. Imaging Studies: Diagnostic Role and Clinicopathologic Correlations .....	231
<i>Mark May and Kevin R. O'Hara</i>	
14. Reporting Recovery of Facial Function .....	275
<i>Barry M. Schaitkin and Mark May</i>	

## **SECTION III: MANAGEMENT OF THE PATIENT WITH FACIAL PARALYSIS**

15. Office Management of the Patient with Acute Facial Palsy .....	295
<i>Barry M. Schaitkin and Mark May</i>	
16. Physical Therapy and Neuromuscular Rehabilitation .....	301
<i>Todd C. Henkelmann and Mark May</i>	
17. Idiopathic (Bell's) Palsy, Herpes Zoster Cephalicus, and other Facial Nerve Disorders of Viral Origin .....	319
<i>Barry M. Schaitkin, Mark May, Michael Podvinec, Jurg Ulrich, Erik Peitersen, and Susan R. Klein</i>	
18. Facial Nerve Disorders in Newborns and Children .....	339
<i>Mark May, Barry M. Schaitkin, and Andrew M. Shapiro</i>	
19. Trauma to the Facial Nerve: External, Surgical, and Iatrogenic .....	367
<i>Mark May, Barry M. Schaitkin, Richard J. Wiet, and Pankaj Gupta</i>	
20. Infection: Otitis Media, Cholesteatoma, Necrotizing External Otitis, and other Inflammatory Disorders .....	383
<i>Fred F. Telischi, James R. Chandler, Mark May, and Barry M. Schaitkin</i>	
21. Tumors Involving the Facial Nerve .....	393
<i>Mark May and Barry M. Schaitkin</i>	

22. Osteopetrosis and other Bone Disorders Causing Facial Palsy .....	409
<i>Herman Hamersma and Mark May</i>	
23. Central Nervous System Origin of Facial Paralysis .....	423
<i>Mark May</i>	

#### SECTION IV: MANAGEMENT OF FACIAL HYPERKINESIS

24. Overview of Hyperkinesis .....	431
<i>Mark May</i>	
25. Botulinum A Toxin .....	441
<i>Albert W. Biglan, Bhupendra C.K. Patel, Mark May, and Todd J. Murdock</i>	
26. Selective Myectomy .....	467
<i>Bhupendra C.K. Patel, Richard L. Anderson, and Mark May</i>	
27. Microvascular Decompression .....	483
<i>Peter J. Jannetta, Mark R. McLaughlin, Fred G. Barker, II, and Kamal K. Kalia</i>	

#### SECTION V: SURGERY AND THE FACIAL NERVE

28. The Facial Nerve and Extracranial Surgery .....	491
<i>Harvey M. Tucker and Mark May</i>	
29. The Facial Nerve and the Congenitally Malformed Middle Ear .....	505
<i>George T. Hashisaki and Robert A. Jahrsdoerfer</i>	
30. Otoneurosurgical Procedures .....	515
<i>Derald E. Brackmann</i>	
31. Skull Base Surgery .....	535
<i>C. Gary Jackson, Peter G. Von Doersten, and Michael E. Glasscock, III</i>	

#### SECTION VI: REHABILITATION TECHNIQUES FOR ACUTE AND LONG-STANDING FACIAL PARALYSIS

32. Perspectives in Facial Reanimation .....	551
<i>John Conley and Mark May</i>	
33. Nerve Repair .....	571
<i>Mark May</i>	
34. Nerve Substitution Techniques: XII–VII Hook-Up, XII–VII Jump Graft, and Cross-Face Graft .....	611
<i>Mark May</i>	

<b>35. Muscle Transposition Techniques: Temporalis, Masseter, and Digastric</b> .....	635
<i>Mark May</i>	
<b>36. Free Muscle Transfers for Facial Paralysis</b> .....	667
<i>William M. Swartz</i>	
<b>37. Eye Reanimation Techniques</b> .....	677
<i>Mark May, Robert E. Levine, Bhupendra C.K. Patel, and Richard L. Anderson</i>	
<b>38. Regional Reanimation: Nose and Mouth</b> .....	775
<i>Mark May</i>	
<b>39. Reanimation: Dual Systems by Combining Procedures</b> .....	797
<i>Mark May</i>	
<b>40. Enhancing Facial Appearance with Cosmetic Camouflage</b> .....	819
<i>Jon P. Coulter and Mark May</i>	
<b>Appendix I. Support Groups and Resources for the Facial Palsy Patient</b> .....	835
<b>Appendix II. Questions Commonly Asked by Bell's Palsy Patients</b> .....	837
<b>Appendix III. Dr. May's Personal Experience with Bell's Palsy</b> .....	839
<b>Appendix IV. Dr. Schaitkin's Personal Experience with Bell's Palsy</b> .....	843
<b>Appendix V. Dr. Norman's Personal Experience with Acoustic Neuroma</b> .....	845
<b>Appendix VI. A Patient Shares Her Experience after Acoustic Tumor Surgery</b> .....	849
<b>Appendix VII. Acoustic Neuroma Association Experience</b> .....	851
<b>Epilogue</b> .....	853
<b>Index</b> .....	855
