
BRIEF CONTENTS

INTRODUCTION: STRATEGY AND ECONOMICS 1

PRIMER: ECONOMIC CONCEPTS FOR STRATEGY 9

PART ONE: FIRM BOUNDARIES

- 1 The Evolution of the Modern Firm 43**
- 2 The Horizontal Boundaries of the Firm: Economies of Scale and Scope 72**
- 3 The Vertical Boundaries of the Firm 105**
- 4 Organizing Vertical Boundaries: Vertical Integration and Its Alternatives 140**
- 5 Diversification 170**

PART TWO: MARKET AND COMPETITIVE ANALYSIS

- 6 Competitors and Competition 199**
- 7 Strategic Commitment 232**
- 8 The Dynamics of Pricing Rivalry 259**
- 9 Entry and Exit 297**
- 10 Industry Analysis 327**

PART THREE: STRATEGIC POSITION AND DYNAMICS

- 11 Strategic Positioning for Competitive Advantage 355**
- 12 Sustaining Competitive Advantage 420**
- 13 The Origins of Competitive Advantage: Innovation, Evolution, and Environment 452**
- 14 Agency and Performance Measurement 476**

PART FOUR: INTERNAL ORGANIZATION

- 15 Incentives in Firms 510**
- 16 Strategy and Structure 534**
- 17 Environment, Power, and Culture 567**
- 18 Strategy and the General Manager 594**

CONTENTS

INTRODUCTION: STRATEGY AND ECONOMICS 1

Why Study Strategy? 1

Why Economics? 2

The Need for Principles 3

So What's the Problem? 4

Example 1.1: The Rise and Fall of the New Economy's Darling: The Enron Story 5

A Framework for Strategy 7

Boundaries of the Firm 7

Market and Competitive Analysis 8

Position and Dynamics 8

Internal Organization 8

PRIMER: ECONOMIC CONCEPTS FOR STRATEGY 9

Costs 10

Cost Functions 11

Total Cost Functions 11

Fixed and Variable Costs 12

Average and Marginal Cost Functions 13

The Importance of the Time Period: Long-Run versus Short-Run Cost Functions 16

Sunk versus Avoidable Costs 18

Economic Costs and Profitability 19

Economic versus Accounting Costs 19

Economic Profit versus Accounting Profit 20

Economic Profit and Net Present Value 21

Demand and Revenues 23

Demand Curve 23

The Price Elasticity of Demand 24

Brand-Level versus Industry-Level Elasticities 27

Total Revenue and Marginal Revenue Functions 28

Theory of the Firm: Pricing and Output Decisions 29

Perfect Competition 31

Game Theory 35

Games in Matrix Form and the Concept of Nash Equilibrium 36

Game Trees and Subgame Perfection 38

PART ONE: FIRM BOUNDARIES 41

1	THE EVOLUTION OF THE MODERN FIRM	43
	The World in 1840	44
	Doing Business in 1840	44
	Conditions in Business in 1840: Life Without a Modern Infrastructure	46
	<i>Example 1.1: The Emergence of Chicago</i>	49
	Summary	52
	The World in 1910	52
	Doing Business in 1910	52
	<i>Example 1.2: Responding to the Business Environment: The Case of American Whaling</i>	55
	Business Conditions in 1910: A “Modern” Infrastructure	56
	<i>Example 1.3: Evolution of the Steel Industry</i>	58
	Summary	59
	The World Today	60
	Doing Business Today	60
	The Infrastructure Today	61
	Infrastructure in Emerging Markets	64
	Summary	64
	<i>Example 1.4: Economic Gyration and Traffic Gridlock in Thailand</i>	65
	Three Different Worlds: Consistent Principles, Changing Conditions, and Adaptive Strategies	66
	<i>Example 1.5: Infrastructure and Emerging Markets: The Russian Privatization Program</i>	67
	<i>Example 1.6: Building National Infrastructure: The Transcontinental Railroad</i>	69
	Chapter Summary	70
	Questions	70
2	THE HORIZONTAL BOUNDARIES OF THE FIRM: ECONOMIES OF SCALE AND SCOPE	72
	Where Do Economies of Scale Come From?	73
	Definition of Economies of Scale	73
	Definition of Economies of Scope	74
	Where Do Scale Economies Come From?	76
	Indivisibilities and the Spreading of Fixed Costs	76
	Economies of Scale Due to Spreading of Product-Specific Fixed Costs	76
	Economies of Scale Due to Tradeoffs Among Alternative Technologies	77
	Indivisibilities Are More Likely When Production Is Capital Intensive	79
	“The Division of Labor Is Limited by the Extent of the Market”	79
	<i>Example 2.1: Hub-and-Spoke Networks and Economies of Scope in the Airline Industry</i>	80
	<i>Example 2.2: The Division of Labor in Medical Markets</i>	82
	Inventories	84
	The Cube-Square Rule and the Physical Properties of Production	85
	Special Sources of Economies of Scale and Scope	85
	Economies of Scale and Scope in Purchasing	85
	Economies of Scale and Scope in Advertising	86
	<i>Example 2.3: The Ace Hardware Corporation</i>	87
	Advertising Reach and Umbrella Branding	88
	Economies of Scale in Research and Development	89

<i>Example 2.4: The Fall and Rise of Pharmacia and Upjohn</i>	90
Complementarities and Strategic Fit	91
Sources of Diseconomies of Scale	92
Labor Costs and Firm Size	92
Incentive and Bureaucracy Effects	93
Spreading Specialized Resources Too Thin	93
“Conflicting Out”	93
<i>Example 2.5: The AOL Time Warner Merger and Economies of Scope</i>	94
The Learning Curve	95
The Concept of the Learning Curve	95
Expanding Output to Obtain a Cost Advantage	96
<i>Example 2.6: The Boston Consulting Group Growth/Share Paradigm</i>	97
Learning and Organization	99
The Learning Curve versus Economies of Scale	100
Chapter Summary	101
Questions	101
Appendix: Using Regression Analysis to Estimate the Shapes of Cost Curves	102

3 THE VERTICAL BOUNDARIES OF THE FIRM 105

Make versus Buy	106
Upstream, Downstream	106
<i>Example 3.1: Vertical Disintegration in the Pharmaceutical Industry</i>	108
Defining Boundaries	109
Some Make-or-Buy Fallacies	110
Reasons to “Buy”	113
Tangible Benefits of Using the Market: Exploiting Scale and Learning Economies	113
<i>Example 3.2: Self-Insurance by British Petroleum</i>	115
Intangible Benefits of Using the Market: Agency and Influence Effects	116
Agency Costs	116
Influence Costs	117
The Economic Foundations of Contracts	118
Complete versus Incomplete Contracting	119
Bounded Rationality	120
Difficulties Specifying or Measuring Performance	120
Asymmetric Information	120
The Role of Contract Law	121
Coordination of Production Flows Through the Vertical Chain	122
<i>Example 3.3: Make versus Buy: Pepsi-Cola and Its Bottlers</i>	123
Leakage of Private Information	124
<i>Example 3.4: An Application of the Make-or-Buy Framework To Children’s Memorial Hospital</i>	125
Transactions Costs	127
Relationship-Specific Assets	128
Forms of Asset Specificity	128
<i>Example 3.5: The Fundamental Transformation in the U.S. Automobile Industry</i>	129
The Fundamental Transformation	130
Rents and Quasi-Rents	130
<i>Example 3.6: Floating Power Plants</i>	131
The Holdup Problem	132

	<i>Example 3.7: Hostile Takeovers and Relationship-Specific Investments at Trans Union</i>	133
	The Holdup Problem and Transactions Costs	134
	Contract Negotiation and Renegotiation	134
	Investments to Improve <i>Ex Post</i> Bargaining Positions	134
	Distrust	135
	<i>Example 3.8: Underinvestment in Relationship-Specific Assets By British Subcontractors</i>	135
	Reduced Investment	136
	Recap: From Relationship-Specific Assets to Transactions Costs	136
	Summarizing Make-or-Buy Decisions: The Make-or-Buy Decision Tree	136
	Chapter Summary	137
	Questions	138
4	ORGANIZING VERTICAL BOUNDARIES: VERTICAL INTEGRATION AND ITS ALTERNATIVES	140
	Technical Efficiency versus Agency Efficiency	141
	Economizing	141
	The Technical Efficiency/Agency Efficiency Tradeoff and Vertical Integration	142
	Real-World Evidence	145
	<i>Example 4.1: The Virtual Corporation</i>	147
	Vertical Integration and Asset Ownership	148
	<i>Example 4.2: Vertical Integration of the Sales Force in the Insurance Industry</i>	150
	Process Issues in Vertical Mergers	151
	Alternatives to Vertical Integration	153
	Tapered Integration: Make and Buy	153
	<i>Example 4.3: Tapered Integration in Gasoline Retailing</i>	154
	Strategic Alliances and Joint Ventures	155
	<i>Example 4.4: Pfizer, Microsoft, and IBM Come to the Aid of Physicians</i>	159
	<i>Example 4.5: Millennium Pharmaceuticals: Strategic Alliances</i>	161
	Collaborative Relationships: Japanese Subcontracting Networks and Keiretsu	162
	Subcontractor Networks	163
	Keiretsu	163
	<i>Example 4.6: Interfirm Business Networks in the United States: The Women's Dress Industry in New York City</i>	165
	Implicit Contracts and Long-Term Relationships	166
	Chapter Summary	167
	Questions	168
5	DIVERSIFICATION	170
	A Brief History	170
	<i>Example 5.1: Changes in Diversification, from American Can to Primerica</i>	172
	Why Do Firms Diversify?	174
	Efficiency-based Reasons for Diversification	174
	Economies of Scale and Scope	174
	Economizing on Transaction Costs	175

<i>Example 5.2: Acquiring for Synergy: BankAmerica Buys Continental</i>	176
Internal Capital Markets	178
Diversifying Shareholders' Portfolios	179
Identifying Undervalued Firms	179
Potential Costs of Diversification	180
Managerial Reasons for Diversification	181
Benefits to Managers from Acquisitions	182
Problems of Corporate Governance	184
The Market for Corporate Control and Recent Changes In Corporate Governance	185
Performance of Diversified Firms	187
Studies of Operating Performance	188
Valuation and Event Studies	189
<i>Example 5.3: Pepsi's Fast-Food Troika</i>	191
Long-Term Performance of Diversified Firms	192
<i>Example 5.4: Diversification and Corporate Performance for Philip Morris</i>	193
Chapter Summary	195
Questions	196

PART TWO: MARKET AND COMPETITIVE ANALYSIS 197

6 COMPETITORS AND COMPETITION	199
Competitor Identification and Market Definition	200
The Basics of Competitor Identification	200
Putting Competitor Identification into Practice	200
<i>Example 6.1: Substitutes and Competition in the Postal Service</i>	202
Empirical Approaches to Competitor Identification	203
Geographic Competitor Identification	203
Measuring Market Structure	204
<i>Example 6.2: Defining Coca-Cola's Market</i>	206
Market Structure and Competition	207
Market Structure and Competition	208
Many Sellers	208
Homogeneous Products	209
Excess Capacity	210
<i>Example 6.3: A Dog-Eat-Dog World: The Demise of the Online Pet Supply Industry</i>	211
Monopoly	212
<i>Example 6.4: The OPEC Cartel</i>	213
Monopolistic Competition	214
Entry into Monopolistically Competitive Markets	216
<i>Example 6.5: Pricing in the Airline Industry</i>	217
Oligopoly	218
Cournot Quantity Competition	219
<i>Example 6.6: Cournot Equilibrium in the Corn Wet Milling Industry</i>	223
Bertrand Price Competition	224
Why Are Cournot and Bertrand Different?	225
Bertrand Price Competition When Products Are Horizontally Differentiated	226
Evidence on Market Structure and Performance	228
Price and Concentration	228
Other Studies of the Determinants of Profitability	229

Chapter Summary	230
Questions	230
7 STRATEGIC COMMITMENT	232
Why Commitment Is Important	233
<i>Example 7.1: Strategic Commitment and Preemption in the Global Airframe Market: Airbus versus Boeing</i>	236
<i>Example 7.2: Commitment and Irreversibility in the Airline Industry</i>	237
Strategic Commitment and Competition	238
Strategic Complements and Strategic Substitutes	238
Strategic Incentives to Make Commitments	240
Tough versus Soft Commitments	240
Tough and Soft Commitments in Cournot and Bertrand Equilibria	241
Stage 2 Competition is Cournot	242
Stage 2 Competition is Bertrand	243
A Taxonomy of Commitment Strategies	245
Making Sense of the Taxonomy	247
<i>Example 7.3: Commitment at Nucor and USX: The Case of Thin-Slab Casting</i>	249
Flexibility and Real Options	250
<i>Example 7.4: Commitment versus Flexibility in the CD Market</i>	252
<i>Example 7.5: Corning's Nuclear Winter</i>	253
A Framework for Analyzing Commitments	255
Chapter Summary	257
Questions	257
8 THE DYNAMICS OF PRICING RIVALRY	259
Dynamic Pricing Rivalry	260
Why the Cournot and Bertrand Models Are Not Dynamic	260
Dynamic Pricing Rivalry: Intuition	262
Competitor Responses and Tit-for-Tat Pricing	263
Tit-for-Tat Pricing with Many Firms	265
<i>Example 8.1: What Happens When a Firm Retaliates Quickly to a Price Cut: Philip Morris versus B.A.T in Costa Rica</i>	266
The "Folk Theorem"	267
Coordinating on an Equilibrium	268
Why Is Tit-for-Tat So Compelling?	269
Misreads	270
<i>Example 8.2: Forgiveness and Provocability: Dow Chemicals and the Market for Reverse Osmosis Membrane</i>	271
How Market Structure Affects the Sustainability of Cooperative Pricing	272
Market Concentration and the Sustainability of Cooperative Pricing	272
Reaction Speed, Detection Lags, and the Sustainability of Cooperative Pricing	273
Lumpiness of Orders	274
Information About the Sales Transaction	275
The Number of Buyers	276
Volatility of Demand Conditions	277
Asymmetries Among Firms and the Sustainability of Cooperative Prices	276

<i>Example 8.3: General Motors and Zero-Percent Financing in the U.S. Automobile Industry</i>	278
<i>Example 8.4: Firm Asymmetries and the 1992 Fare War in the U.S. Airline Industry</i>	280
<i>Example 8.5 Pricing Discipline in the U.S. Cigarette Industry</i>	281
Price Sensitivity of Buyers and the Sustainability of Comparative Pricing	283
<i>Example 8.6: How Market Structure Conditions Conspire to Limit Profitability in the Heavy-Duty Truck Engine Industry</i>	284
Market Structure and the Sustainability of Cooperative Pricing: Summary	285
Facilitating Practices	286
Price Leadership	287
Advance Announcement of Price Changes	287
Most Favored Customer Clauses	287
Uniform Delivered Prices	288
Quality Competition	290
Quality Choice in Competitive Markets	290
Quality Choices of Sellers with Market Power	292
The Marginal Cost of Increasing Quality	293
The Marginal Benefit of Improving Quality	293
Chapter Summary	295
Questions	295
 9 ENTRY AND EXIT	 297
Some Facts About Entry and Exit	298
<i>Example 9.1: Hyundai's Entry into the Steel Industry</i>	300
Entry and Exit Decisions: Basic Concepts	301
Barriers to Entry	301
Bain's Typology of Entry Conditions	301
Structural Entry Barriers	302
<i>Example 9.2: Patent Protection in the Pharmaceutical Industry</i>	305
<i>Example 9.3: Barriers to Entry in the Australian Airline Market</i>	307
<i>Example 9.4: Entry Barriers and Profitability in the Japanese Brewing Industry</i>	308
Barriers to Exit	309
Entry-Deterring Strategies	310
Limit Pricing	311
Is Limit Pricing Rational?	312
Predatory Pricing	314
The Chain-Store Paradox	314
<i>Example 9.5: Limit Pricing by Xerox</i>	315
Rescuing Limit Pricing and Predation: The Importance of Uncertainty and Reputation	316
Excess Capacity	318
<i>Example 9.6: Coffee Wars</i>	319
"Judo Economics" and the "Puppy-Dog Ploy"	320
Exit-Promoting Strategies	321
Wars of Attrition	322
<i>Example 9.7: DuPont's Use of Excess Capacity to Control the Market for Titanium Dioxide</i>	323
Evidence on Entry-Deterring Behavior	324
Survey Data on Entry Deterrence	324

Summary	325
Questions	326

10 INDUSTRY ANALYSIS 327

Performing a Five-Forces Analysis	328
Internal Rivalry	329
Entry	330
Substitutes and Complements	331
Supplier Power and Buyer Power	332
Strategies for Coping with the Five Forces	333
Coopetition and the Value Net	333
Applying the Five Forces: Some Industry Analyses	335
Hospital Markets Then and Now	335
Market Definition	335
Internal Rivalry	336
Entry	337
Substitutes and Complements	337
Supplier Power	338
Buyer Power	338
Commercial Airframe Manufacturing	339
Market Definition	339
Internal Rivalry	339
Barriers to Entry	341
Substitutes and Complements	341
Supplier Power	342
Buyer Power	342
Hawaiian Coffee	343
Industry Facts	343
Market Definition	344
Internal Rivalry	344
Entry	345
Substitutes and Complements	345
Supplier Power	346
Buyer Power	346
Conclusion	346
Chapter Summary	347
Questions	348
Appendix	349

PART THREE: STRATEGIC POSITION AND DYNAMICS 353

11 STRATEGIC POSITIONING FOR COMPETITIVE ADVANTAGE 355

Competitive Advantage	358
Competitive Advantage Defined	358
What Matters More for Profitability: The Market or the Firm?	361
Competitive Advantage and Value Creation: Analytical Tools and Conceptual Foundations	362
Maximum Willingness-to-Pay and Consumer Surplus	362
From Maximum Willingness-to-Pay to Consumer Surplus	364
Value-Created	367
Value Creation and “Win-Win” Business Opportunities	368

<i>Example 11.1: The Division of the Value-Created in the Sale of Beer at a Baseball Game</i>	369
Value Creation and Competitive Advantage	370
<i>Example 11.2: Value Creation Within a Vertical Chain: Integrated Delivery Systems in Health Care</i>	372
Analyzing Value Creation	373
Value Creation and the Value Chain	374
Value Creation, Resources, and Capabilities	375
<i>Example 11.3: Creating Value at Enterprise Rent-A-Car</i>	376
<i>Example 11.4: Measuring Capabilities in the Pharmaceutical Industry</i>	379
Value Creation versus Value Redistribution	380
Value Capture and the Role of Industry Economics	381
Strategic Positioning: Cost Advantage and Benefit Advantage	383
Generic Strategies	383
The Strategic Logic of Cost Advantage	384
<i>Example 11.5: Cost Advantage at Cemex</i>	386
The Strategic Logic of Benefit Advantage	387
<i>Example 11.6: Benefit Advantage at Superquinn</i>	389
Extracting Profits from Cost and Benefit Advantage: The Importance of the Price Elasticity of Demand	390
Comparing Cost and Benefit Advantages	393
<i>Example 11.7: Strategic Positions in the U.S. Credit Card Industry: Capital One versus MBNA</i>	395
“Stuck in the Middle”	397
<i>Example 11.8: Continental Airlines: Moving to the Efficiency Frontier</i>	401
Strategic Positioning: Broad Coverage versus Focus	
Strategies	402
Segmenting an Industry	403
Broad Coverage Strategies	405
Focus Strategies	406
Chapter Summary	408
Questions	409
Appendix	410
 12 SUSTAINING COMPETITIVE ADVANTAGE	 420
How Hard Is It to Sustain Profits?	421
Threats to Sustainability in Competitive and Monopolistically Competitive Markets	421
Threats to Sustainability Under All Market Structures	421
Evidence: The Persistence of Profitability	423
Sustainable Competitive Advantage	424
<i>Example 12.1: Exploiting Resources: The Mattel Story</i>	425
The Resource-Based Theory of the Firm	426
<i>Example 12.2: American versus Northwest in Yield Management</i>	428
Isolating Mechanisms	429
Impediments to Imitation	431
Legal Restrictions	431
Superior Access to Inputs or Customers	432
<i>Example 12.3: Cola Wars: Slugging It Out in Venezuela</i>	433
Market Size and Scale Economies	434
Intangible Barriers to Imitation	435

	<i>Example 12.4: Maintaining Competitive Advantage in the On-Line Brokerage Market</i>	437
	Early-Mover Advantages	438
	Learning Curve	438
	Reputation and Buyer Uncertainty	439
	Buyer Switching Costs	440
	<i>Example 12.5: Switching Costs for the Newborn Set: Garanimals</i>	441
	Network Effects	442
	<i>Example 12.6: The Microsoft Case</i>	443
	Early-Mover Disadvantages	445
	Imperfect Imitability and Industry Equilibrium	446
	Chapter Summary	449
	Questions	450
13	THE ORIGINS OF COMPETITIVE ADVANTAGE: INNOVATION, EVOLUTION, AND THE ENVIRONMENT	452
	Creative Destruction	454
	Disruptive Technologies	455
	Sustainability and Creative Destruction	456
	<i>Example 13.1: The Sunk Cost Effect in Steel: The Adoption Of the Basic Oxygen Furnace</i>	458
	The Incentive to Innovate	459
	The Sunk Cost Effect	459
	The Replacement Effect	460
	The Efficiency Effect	460
	<i>Example 13.2: Innovation in the PBX Market</i>	461
	Innovation Competition	462
	Patent Races	463
	Choosing the Technology	464
	Riskiness of R&D	464
	Correlated Research Strategies	465
	Evolutionary Economics and Dynamic Capabilities	465
	<i>Example 13.3: Organizational Adaptation in the Photolithographic Alignment Equipment Industry</i>	466
	The Environment	467
	<i>Example 13.4: The Rise of the Swiss Watch Industry</i>	470
	Managing Innovation	471
	<i>Example 13.5: Competence, History, and Geography: The Nokia Story</i>	472
	Chapter Summary	473
	Questions	473
14	AGENCY AND PERFORMANCE MEASUREMENT	476
	The Principal/Agent Framework	477
	Using Contracts to Provide Incentives	478
	How Employees Respond to Performance Measures in Incentive Contracts	480
	<i>Example 14.1: Agency Contracts in Franchising</i>	485
	<i>Example 14.2: Pay, Performance, and Selection at Safelite Glass</i>	487
	Costs of Tying Pay to Performance	488
	Risk Aversion and Risk Sharing	488
	Preferences Over Risky Outcomes	488
	Risk Sharing	490
	Risk and Incentives	492

<i>Example 14.3: Market Effects in Executive Compensation</i>	497
Performance Measures That Fail to Reflect All Desired Actions	498
<i>Example 14.4: Cardiovascular Surgery Report Cards</i>	501
Selecting Performance Measures: Managing Tradeoffs Between Costs	502
Do Pay-for-Performance Incentives Work?	505
Chapter Summary	507
Questions	508

15 INCENTIVES IN FIRMS 510

Implicit Incentive Contracts	510
Subjective Performance Evaluation	512
Promotion Tournaments	513
Efficiency Wages and the Threat of Termination	516
<i>Example 15.1: Promotion Tournaments at General Electric</i>	517
Incentives in Teams	520
<i>Example 15.2: Stock Options for Middle-Level Employees</i>	524
Career Concerns and Long-Term Employment	525
<i>Example 15.3: Career Concerns of Mutual Fund Managers</i>	527
Incentives and Decision Making in Organizations	528
<i>Example 15.4: Teams and Communication in Steel Mills</i>	530
Chapter Summary	531
Questions	532

16 STRATEGY AND STRUCTURE 534

An Introduction to Structure	535
Individuals, Teams, and Hierarchies	535
Complex Hierarchy	537
Departmentalization	537
<i>Example 16.1: The Division of Labor Among Seamen: 1700–1750</i>	538
Coordination and Control	539
Types of Organizational Structures	541
Functional Structure (U-form)	542
Multidivisional Structure (M-form)	543
<i>Example 16.2: ABB's Matrix Organization</i>	544
Matrix Structure	545
Matrix or Division? A Model of Optimal Structure	547
Network Structure	548
Contingency Theory	550
Technology and Task Interdependence	550
Improving Information Processing	551
Balancing Differentiation and Integration	553
<i>Example 16.3: Organizational Structure at AT&T</i>	554
Structure Follows Strategy	555
<i>Example 16.4: Strategy, Structure, and the Attempted Merger Between the University of Chicago Hospital and Michael Reese Hospital</i>	556
<i>Example 16.5: Samsung: Reinventing a Corporation</i>	557
Strategy, Structure, and the Multinational Firm	558
Structure, Strategy, Knowledge, and Capabilities	559
<i>Example 16.6: Transnational Strategy and Organization Structure At SmithKline-Beecham</i>	560
Structure as Routine and Heuristic	561

Example 16.7: WingspanBank.Com: A Network Organization 562

Chapter Summary 564

Questions 565

17 ENVIRONMENT, POWER, AND CULTURE 567

The Social Context of Firm Behavior 567

Internal Context 568

Power 569

The Sources of Power 569

Example 17.1: The Sources of Presidential Power 571

Structural Views of Power 572

Do Successful Organizations Need Powerful Managers? 574

Example 17.2: Power and Poor Performance: The Case of the 1957 Mercury 574

Example 17.3: Power Shifts in the Newspaper Business 576

The Decision to Allocate Formal Power to Individuals 577

Example 17.4: Gary Wendt at Conseco 578

Culture 579

Culture and Performance 579

Culture Simplifies Information Processing 580

Culture Complements Formal Controls 581

Culture Facilitates Cooperation and Reduces Bargaining Costs 581

Culture, Inertia, and Performance 582

Example 17.5: Corporate Culture and Inertia at CPI 583

Example 17.6: Politics, Culture, and Corporate Governance 584

External Context, Institutions, and Strategies 586

Institutions and Regulations 586

Interfirm Resource Dependence Relationships 588

Institutional Logics: Beliefs, Values, and Behavioral Norms 589

Chapter Summary 591

Questions 593

18 STRATEGY AND THE GENERAL MANAGER 594

Introduction 594

A Historical Perspective on the General Manager 595

What Do General Managers Do? 596

Case Studies of General Managers 597

The Roles of the General Manager 598

The General Manager as Entrepreneur 598

The General Manager as Organizer/Implementor 599

The General Manager as Contractor 600

The General Manager as Powerholder 600

The General Manager as Facilitator 600

The General Manager as Competitor 602

The General Manager as Adapter 602

The General Manager as Agent 603

The Tensions of Managerial Work 603

Changing Definitions of Managerial Work 606

Chapter Summary 607

GLOSSARY 609
