Case study 2.3	42
2.3 Emergent corporate strategy in practice	43
Case study 2.4	47

2.4 Some prescriptive theories of corporate strategy	48
Case study 2.5	55
2.5 Some emergent theories of corporate strategy	56
2.6 Strategy as history – the contributions of Penrose and Chandler	62
Case study 2.6	63
Critical reflection	68
Summary	68
Questions	70
Further reading	70
Notes and references	71

Part 2

ANALYSIS OF THE ENVIRONMENT

Chapter 3

Analysing the environment - basics	76
Introduction	76
Case study 3.1	77
3.1 Exploring the competitive environment	78
3.2 Strategic environment – the basics	81
3.3 Degree of turbulence in the environment	82
3.4 Analysing the general environment	83
Case study 3.2	86
3.5 Analysing the stages of market growth	87
Case study 3.3	90
3.6 Key factors for success in an industry	92
3.7 Analysing the competitive industry environment – the contribution of Porter	93
3.8 Analysing the co-operative environment	99
3.9 Analysing one or more immediate competitors in depth	103
3.10 Analysing the customer and market segmentation	104
3.11 Conclusions	106
Case study 3.4	107
Critical reflection	111
Summary	111
Questions	112
Further reading	112
Notes and references	113

Chapter 4	
Analysing markets, competition and co-operation	114
Introduction	114
Case study 4.1	115
4.1 Sustainable competitive advantage	117
4.2 Dynamics of competitive advantage	121
Case study 4.2	122
4.3 The nature and intensity of competition in an industry	123
4.4 Aggressive competitive strategies	125
4.5 Analysing an organisation's portfolio of competing products and services	130
Case study 4.3	134
4.6 Developing co-operation strategies	136
4.7 Distributor analysis	139
4.8 Analysing the role of government	140
4.9 Analysing international competitors and co-operators	143
Case study 4.4	144
Critical reflection	149
Summary	149
Questions	150
Further reading	151
Notes and references	151

Chapter 5	
Developing customer-driven strategy	154
Introduction	154
Case study 5.1	155
5.1 Customers and customer-driven strategy – the contribution of Theodore Levitt	158
5.2 Customer profiling and sustainable competitive advantage	161
5.3 Market segmentation	165
Case study 5.2	167
5.4 Competitive positioning	169
5.5 Strategy implications: analysing branding and reputation	170
5.6 Strategy implications: communicating with customers and stakeholders	172
5.7 Strategy implications: strategic pricing and value for money	174
5.8 International customer considerations	179
Case study 5.3	180
Critical reflection	183
Summary	184
Questions	185
Further reading	186
Notes and references	186

Part 3

ANALYSIS OF RESOURCES

Chapter 6

Analysing resources - basics 190

Introduction 190

Case study 6.1 191

6.1 Prescriptive and emergent approaches to resource issues 193

6.2 Key factors for success in an industry 194

6.3 Analysing the resources of an *individual* organisation 197

Case study 6.2 199

6.4 Resource analysis and adding value 201

6.5 Adding competitive value: the value chain and the value system – the contribution of Porter 202

6.6 Resource analysis and economic rent – the contribution of David Ricardo 208

Case study 6.3 212

6.7 Resource analysis and competitive advantage – the resource-based view 215

6.8 Identifying which resources deliver sustainable competitive advantage 222

6.9 Resource analysis – improving competitive advantage 228

Case study 6.4 231

Critical reflection 233

Summary 233

Questions 234

Further reading 235

Notes and references 235

Chapter 7

Analysing human resources 238

Introduction 238

Case study 7.1 239

7.1 Human resource analysis and corporate strategy 242

7.2 Human resource audit 243

7.3 Analysis of organisational culture 245

Case study 7.2 252

7.4 Analysis of strategic change in organisations 255

7.5 Analysis of politics, power and strategic change 260

7.6 International cultural perspectives 262

Case study 7.3 264

Case study 7.4 265

Critical reflection 268

Summary	268
Questions	269
Further reading	269
Notes and references	270

Chapter 8

Analysing financial resources	272
Introduction	272
Case study 8.1	273
8.1 Analysing the sources of finance	275
8.2 Cost of capital and the optimal capital structure	281
Case study 8.2	284
8.3 Financial appraisal of strategy proposals	286
8.4 Financial management and added value: maximising shareholder wealth	290
8.5 Relationship between financial and corporate objectives	293
Case study 8.3	294
8.6 International aspects of financial resources	296
Case study 8.4	298
Critical reflection	302
Summary	302
Questions	303
Appendix 1: Checklist of the main financial ratios	304
Appendix 2: Corporate strategy becomes a legal requirement for British companies	305
Further reading	305
Notes and references	305

Chapter 9

Analysing operations resources	307
Introduction	307
Case study 9.1	308
9.1 Operations and corporate strategy	310
9.2 Analysis of the operations environment	311
Case study 9.2	315
9.3 The role of operations in adding value and achieving sustainable competitive advantage	318
9.4 Operations activities and corporate strategy	322
Case study 9.3	328
9.5 Service operations strategy	330
Critical reflection	332
Summary	333
Questions	334
Further reading	334
Notes and references	335

Part 4

THE PURPOSE OF THE ORGANISATION

Chapter 10

Purpose shaped by vision, leadership and ethics 340

Introduction	340
Case study 10.1	341
10.1 Shaping the purpose of the organisation	342
Case study 10.2	348
10.2 Developing a strategic vision for the future	351
Case study 10.3	354
10.3 Purpose and the role of leadership	355
Case study 10.4	360
10.4 Corporate governance and the purpose of the organisation	362
10.5 Purpose shaped by ethics and corporate social responsibility	367
Critical reflection	371
Summary	371
Questions	372
Further reading	373
Notes and references	373

Chapter 11

Purpose emerging from knowledge, technology and innovation 375

Introduction	375
Case study 11.1	376
11.1 The nature of knowledge	377
Case study 11.2	382
11.2 Knowledge creation and purpose	384
Case study 11.3	389
11.3 Using technology to develop purpose and competitive advantage	389
Case study 11.4	394
11.4 Innovation and purpose	396
Case study 11.5	399
11.5 How to innovate: the 'ideas' process	401
Critical reflection	406
Summary	406
Questions	407
Further reading	407
Notes and references	408

Chapter 12	
Purpose delivered through corporate and business objectives	410
Introduction	410
Case study 12.1	411
12.1 Clarifying the purpose of the organisation	413
12.2 Corporate purpose and corporate-level strategy	416
12.3 Stakeholder analysis	419
Case study 12.2	423
12.4 Developing the mission	425
12.5 Developing the objectives	429
Case study 12.3	431
12.6 Quality objectives and strategic purpose	434
12.7 Emergent strategy perspectives	436
12.8 Stakeholder power around the world and its influence on mission and objectives	437
Critical reflection	438
Summary	439
Questions	440
Further reading	441
Notes and references	441

Part 5

DEVELOPING THE STRATEGY

Chapter 13	
Developing strategic options: the prescriptive process	446
Introduction	446
Case study 13.1	448
13.1 Purpose and the SWOT analysis – the contribution of Andrews	450
13.2 Environment-based options: generic strategies – the contribution of Porter	451
Case study 13.2	456
Case study 13.3	458
13.3 Environment-based strategic options: the market options matrix	461
13.4 Environment-based strategic options: the expansion method matrix	466
Case study 13.4	469
13.5 Resource-based strategic options: the value chain	473
13.6 Resource-based strategic options: the resource-based view	476
13.7 Resource-based strategic options: cost reduction	478
13.8 Resource-based options in some special types of organisation	483
Critical reflection	484
Summary	484

Questions	486
Further reading	486
Notes and references	486

Chapter 14

Strategy evaluation and development: the prescriptive process 488

Introduction	488
Case study 14.1	489
14.1 Prescriptive strategy content: evaluation against six criteria	493
Case study 14.2	498
14.2 Prescriptive strategy content: procedures and techniques	500
14.3 Applying empirical evidence and guidelines	507
Case study 14.3	511
14.4 The classic prescriptive model of corporate strategy: exploring the process	514
14.5 International corporate strategy selection	518
Case study 14.4	519
Critical reflection	524
Summary	524
Questions	525
Appendix	526
Further reading	527
Notes and references	527

Chapter 15

Finding the strategic route forward: emergent and prescriptive approaches 529

Introduction	529
Case study 15.1	530
15.1 The importance of strategy context	531
Case study 15.2	534
15.2 The survival-based strategic route forward	537
15.3 The uncertainty-based strategic route forward	540
Case study 15.3	543
15.4 The network-based strategic route forward	546
15.5 The game theory-based route forward	550
15.6 The learning-based strategic route forward	554
15.7 International considerations	561
Case study 15.4	563
Critical reflection	567
Summary	567
Questions	568
Appendix	569
Further reading	570
Notes and references	570

Chapter 16

Organisational structure, style and people issues

573

Introduction	573
Case study 16.1	574
16.1 Strategy before structure?	576
16.2 Building the organisation's structure: basic principles	581
16.3 The choice of management style and culture	586
16.4 Types of organisational structure	589
Case study 16.2	595
16.5 Organisational structures for innovation	597
16.6 Motivation and staffing in strategy implementation	599
16.7 Strategy and structure in international organisations – the role of headquarters	601
Case study 16.3	602
Critical reflection	604
Summary	604
Questions	606
Further reading	606
Notes and references	606

Part 6

THE IMPLEMENTATION PROCESS

Chapter 17

Resource allocation, strategic planning and control

610

Introduction	610
Case study 17.1	611
17.1 The implementation process	613
17.2 Relationship between implementation and the strategy development process	615
Case study 17.2	622
17.3 Objectives, task setting and communicating the strategy	625
17.4 Resource allocation	628
Case study 17.3	630
17.5 Strategic planning	632
17.6 Information, monitoring and control	637
17.7 Implementation of international strategy	639
Critical reflection	639
Summary	639
Questions	641
Further reading	641
Notes and references	642

Chapter 18	
Government, public sector and not-for-profit strategies	643
Introduction	643
Case study 18.1	645
18.1 Analysing the strategic environment in public sector strategy	647
18.2 Analysing resources in the public and not-for-profit sectors	653
Case study 18.2	658
18.3 Exploring the purpose of public and not-for-profit organisations	661
18.4 Context, content and process in public sector strategy	663
18.5 Implementation in public sector strategy	666
Case study 18.3	668
Critical reflection	673
Summary	673
Questions	675
Acknowledgements	676
Further reading	676
Notes and references	676

Chapter 19	
International expansion and globalisation strategies	679
Introduction	679
Case study 19.1	680
19.1 International expansion and globalisation: their meaning and importance	681
Case study 19.2	687
19.2 World trade and the international expansion strategies of companies	689
19.3 Influence of institutions involved in international trade	694
Case study 19.3	697
19.4 International and global expansion strategies: the company perspective	701
19.5 International and global expansion strategies: organisation structures	708
19.6 Developing international relationships such as alliances and joint ventures	711
Case study 19.4	715
Critical reflection	718
Summary	719
Questions	720
Further reading	720
Notes and references	721

Chapter 20	
The dynamics of strategy development and entrepreneurial growth	723
Introduction	723
Case study 20.1	724
20.1 The dynamics of purpose	726
20.2 The dynamics of resource development	727
20.3 The dynamics of environmental development	732
Case study 20.2	736
20.4 The dynamics of fast-moving markets	738
Case study 20.3	741
20.5 The dynamics of entrepreneurial activity	743
Critical reflection	745
Summary	745
Questions	747
Further reading	747
Notes and references	747

Chapter 21	
Managing strategic change	749
Introduction	749
Case study 21.1	750
21.1 The basic concept of strategic change	752
21.2 Analysing the causes of strategic change	757
Case study 21.2	758
21.3 Prescriptive approaches to managing strategic change	762
Case study 21.3	766

21.4	Emergent approaches to managing change	767
21.5	Developing a strategic change programme	772
	Case study 21.4	777
	Critical reflection	783
	Summary	784
	Questions	785
	Further reading	786
	Notes and references	786

Chapter 22

Building a cohesive corporate strategy **787**

	Introduction	787
	Case study 22.1	788
22.1	Cohesion in prescriptive and emergent processes	790
22.2	Combining the elements of corporate strategy: the 'Seven S Framework'	791
22.3	Longer-term strategy issues	797
	Case study 22.2	800
	Critical reflection	802
	Summary	802
	Questions	803
	Further reading	803
	Notes and references	803
