READINGS

5. The “Simmie” Side of Life: Old Order Amish Youths’ Affective Response to Culturally Prescribed Deviance 60
Denise M. Reiling
Examines the “simmie” period in which Amish youth are almost forced to explore American lifestyles before choosing to either commit to their Amish culture or leave it forever.
6. Nonsuicidal Self-Injury Among Nonclinical College Women: Lessons From Foucault 70
Efrosini Kokaliari and Joan Berzoff
Describes and documents self-injury, a unique form of deviance among a relatively “normal” sample of college women.
7. Corporate Transgressions Through Moral Disengagement 80
Albert Bandura, Gian-Vittorio Caprara, and Laszlo Zsolnai
Explores elite deviance or “corporate transgressions” through the concept of moral disengagement; the authors outline concepts and strategies that allow for corporate deviance to occur.

READINGS

11. Social Structure and Anomie <i>Robert K. Merton</i>	160
--	-----

	<i>Merton basically argues that deviance is built into the very fabric of our society; deviance is a result of the collision of culturally defined goals and the social structures that limit the modes of achieving those goals.</i>	
12.	Durkheim's Concept of Anomie and the Abuse at Abu Ghraib	168
	<i>Stjepan G. Mestrovic and Ronald Lorenzo</i>	
	<i>The authors use Durkheim's ideas on anomie to help explain the abuse at Abu Ghraib, arguing that the dysfunction and disorganization at Abu Ghraib were so great that the breaking of norms and abuse of prisoners were inevitable.</i>	
13.	The Maximizer: Clarifying Merton's Theories of Anomie and Strain	188
	<i>Daniel S. Murphy and Mathew B. Robinson</i>	
	<i>An extension of strain theory; the authors advocate for a new mode of adaptation to supplement Merton's model, "the Maximizer," someone who simultaneously uses and incorporates both legitimate and illegitimate means in their quest for the American Dream.</i>	

Chapter 5. Social Disorganization Theory	202
Introduction	202
History and Early Work on Social Disorganization Theory	203
Shaw and McKay Study of Juvenile Delinquency and Urban Areas	205

READINGS

14.	Neighborhood Social Disorganization as a Cofactor in Violence Among People With Mental Disorders	214
	<i>Eric Silver</i>	
	<i>A short piece that moves social disorganization theory beyond juvenile delinquency and crime to other forms of deviance.</i>	
15.	Physical Deterioration, Disorder, and Crime	217
	<i>Timothy C. O'Shea</i>	
	<i>This article links social disorganization theory to theories more focused on social disorder.</i>	
16.	Perceived Neighborhood Social Disorder and Attitudes Toward Reporting Domestic Violence Against Women	225
	<i>Enrique Gracia and Juan Herrero</i>	
	<i>Shifts the focus on social disorganization theory and issues of social disorder to crimes within the home.</i>

20. Social Control, Delinquency, and Victimization Among Kibbutz Adolescents <i>Ben-Zion Cohen and Ruth Zeira</i> <i>Examines the relationship between an overall index of social control and self-reported delinquency and victimization among high school students in the kibbutzim of Northern Israel.</i>	300
---	-----

21. Truancy in Late Elementary and Early Secondary Education: The Influence of Social Bonds and Self-Control—The TRAILS Study	309
<i>René Veenstra, Siegwart Lindenberg, Frank Tinga, and Johan Ormel</i>	
<i>Examines an early initiated deviant behavior—persistent school truancy—that appears to be a predictor of later, more serious forms of deviance as well as negative consequences for the individual (e.g., school failure and dropout, unemployment).</i>	
22. Online Consumer Misbehaviour: An Application of Neutralization Theory	322
<i>Lloyd C. Harris and Alexia Dumas</i>	
<i>Examines the neutralization techniques used to justify illegal “peer-to-peer” downloading of CDs, DVDs, video games, or other software.</i>

23. The Saints and the Roughnecks	353
<i>William J. Chambliss</i>	
<i>Explores the deviance of and community reaction to two groups of boys— the upper-middle-class “Saints” and the working-class “Roughnecks”; although they start out quite similar, as adults, their lives turn out very differently.</i>	
24. On Being Sane in Insane Places	363
<i>David L. Rosenhan</i>	
<i>A classic study of labeling and mental illness: Eight sane adults simulated symptoms of psychosis and gained admission to 12 mental hospitals. How would they be treated, and how long would it be before they were released?</i>	
25. “Introduction.” <i>Our Guys: The Glen Ridge Rape and the Secret Life of the Perfect Suburb</i>	370
<i>Bernard Lefkowitz</i>	
<i>Introduction to the book about the case in Glen Ridge, New Jersey, when a group of popular high school athletes gang raped a mentally impaired 17-year-old girl with a baseball bat and a broom. How did power and labels affect the community’s reactions?</i>

33. On the Run: Wanted Men in a Philadelphia Ghetto 499
Alice Goffman
Paints a vivid picture of young black men who have warrants out for their arrest, often for minor infractions, and how they work to avoid the police and incarceration.
34. Lessons From a Juvenile Training School: Survival and Growth 519
Michelle Inderbitzin
Takes readers inside a cottage for violent offenders in one state's end-of-the-line juvenile correctional facility and contrasts the lessons the institution intended to impart to its "residents" with the life lessons the young men actually learned during their incarceration.
35. Walking the Talk? What Employers Say Versus What They Do 532
Devah Pager and Lincoln Quillian
An experimental study to test whether employers would be willing to hire ex-offenders and how race factored into that decision, if at all.
