

Contents

Preface	xv
Acknowledgments	xvii
Introduction	xix
1. The Coordinated Vocal Onset and Release: Establishing Dynamic Muscle Equilibrium through Onset and Release	1
The Varieties of Onset	1
The Hard Attack	2
The Soft Onset	3
The Balanced Onset (Dynamic Muscle Equilibrium)	4
Exercises for Achieving the Balanced Onset	4
Uses of the Aspirated Onset	7
Uses of the Glottal Attack	8
Physiological Benefits of the Coordinated Onset	8
Onset Vocalises which Induce Dynamic Equilibrium	9
Group 1 Exercises	11
Staccato and Onset	12
Group 2 Exercises	13
Group 3 Exercises	15
The Release	18
The Soft Release	18
The Hard Release	18
The Balanced Release	19
2. The Supported Singing Voice: Breath Management in Singing	20
Subglottic Pressure and Glottal Activity	21
The Technique of <i>appoggio</i>	23
Breath Management Exercises without Phonation	29
Breath Management Exercises with Sibilants and Fricatives	32
Breath Management Exercises Involving Phonation	34
Breath-pacing versus "More Support"	37

3. Agility in Singing: Flexible Application of Breath Power	40
Exercises for the Acquisition of Agility	42
4. The Resonant Voice: Supraglottic Considerations in Singing	48
Vowel Formants	50
The Singer's Formant	55
The Singer's Perception of Timbre	56
The Open Throat (<i>gola aperta</i>)	58
"Placement" of the Voice (<i>impostazione della voce</i>)	60
Exercises for Establishing Resonance Balance (<i>impostazione</i>) in Singing	62
Velopharyngeal Closure	63
5. The Well-balanced Vowel: Vowel Differentiation in Singing	69
The Acoustic At-rest Posture	69
The Vowel Postures	70
Formation of the Neutral Vowels [ʌ] and [ə]	70
Formation of the Vowel [ɑ]	71
Formation of the Vowel [i]	71
Formation of the Vowel [e]	72
Formation of the Vowel [ɛ]	72
Formation of the Vowel [ɔ]	73
Formation of the Vowel [o]	73
Formation of the Vowel [u]	73
Mouth Position for Vowels in Singing	73
Exercises for Vowel Differentiation	76
Group 1 Exercises	76
Group 2 Exercises	77
6. Resonance Balancing through Nasal Consonants: The Influences of Nasal Continuants on Resonator Adjustment	79
Pedagogical Uses of Consonantal Phonemes in General	79
Use of the Nasals in Balancing Resonator Coupling	80
Some Uses of the Voiced Bilabial Stop [m]	81
Uses of the Alveolar-nasal Continuant [n]	84
Some Uses of the Voiced Linguavelar Stop [ŋ]	85
Some Uses of the Lingua-palatal-nasal Continuant [ɲ]	86

Some General Considerations on the Nasal Continuant	88
7. Resonance Balancing through Non-nasal Consonants: The Influence of Non-nasal Consonants on Resonator Adjustment	90
Uses of the Voiced Lingua-anterior-palatal Continuant [j]	90
Uses of the Lingua-alveolar Continuant [l]	91
Uses of the Alveolar Single [r] and the Alveolar Rolled [r]	93
Uses of the Voiced Labiodental Fricative Continuant [v] and the Voiceless Labiodental Fricative Continuant [f]	95
Uses of the Voiced Bilabial Stop Plosive [b] and the Voiceless Bilabial Stop Plosive [p]	96
Use of the Voiced Lingua-alveolar Fricative Continuant [z] and the Voiceless Lingua-alveolar Fricative Continuant [s]	98
Uses of the Voiced Linguadental Fricative Continuant [ð] and the Voiceless Linguadental Fricative Continuant [θ]	99
Uses of the Voiced Lingua-alveolar Stop Plosive [d] and the Voiceless Lingua-alveolar Stop Plosive [t]	100
Uses of the Voiced Linguavelar Stop Plosive [g] and the Voiceless Linguavelar Stop Plosive [k]	103
Uses of Voiceless Consonants in General	104
Useful Pitch Patterns	105
Vowel and Diphthong Patterns	106
Coupled Consonants	106
8. Sustaining the Voice: Sostenuto	108
Exercises for Developing Sostenuto	109
Group 1 Exercises	109
Group 2 Exercises	111
Group 3 Exercises	112
Group 4 Exercises	112
Group 5 Exercises	114
9. Unifying the Registers of Male Voices	115
Register Terminology	115
<i>Primo passaggio</i> (First Register Transition)	116
<i>Secondo passaggio</i> (Second Register Transition)	116

<i>Zona di passaggio (zona intermedia)</i> (The Passage Zone)	116
Registration Events of Male Voices	116
<i>Voce di petto</i> (Chest Voice)	117
<i>Voce mista</i> (Mixed Voice)	118
<i>Voce di testa</i> (Head Voice)	118
<i>Voce finta</i> (Feigned Voice)	119
<i>Falsetto</i>	119
The Male Falsettist	123
<i>Strohbass</i>	125
Exercises for Achieving an Evenly Registered Scale in Lower and Middle Voice	126
Group 1 Exercises	127
Exercises for Achieving an Evenly Registered Scale in Upper and Middle Voice	129
Group 2 Exercises	129
10. Unifying the Registers of the Female Voice	132
Registers of the Female Speaking Voice	133
Combining Female Singing Registers	133
Registration Events of Female Voices	134
Chest in Female Voices	136
Open Chest	136
Chest Mixture	136
Exercises for the Development of the Lower Range	137
Head Mixture in Female Lower Range	140
Head Mixture in Female Middle Range	142
Exercises for Inducing Head Mixture in Middle Voice	142
Female <i>voce di testa</i>	143
Exercises for Inducing <i>voce di testa</i> Sensations Throughout the Voice	144
Flageolet Register	147
Exercises for Developing the Flageolet Range	149
11. Vowel Modification in Singing: <i>aggiustamento</i>	150
Timbre Terminology	155
The Technique of <i>aggiustamento</i> (The Vowel Series in Modification)	157
Exercises for Achieving <i>aggiustamento</i>	159

12. Range Extension and Stabilization in Singing	161
Range and Voice Categorization	163
Extending the Vocal Range	167
Exercises for Extending and Stabilizing the Vocal Range	167
13. <i>Messa di voce</i> and Dynamic Control	171
Exercises for Developing Dynamic Control	173
Determining Dynamic Levels	176
14. Vibrancy in Singing: Vibrato and Vocal Timbre	182
Physical Causes of Vibrato	183
Uses of the Vibrato	185
Correcting Oscillation ("Wobble")	186
Eliminating Straight-tone Intrusion	187
Correcting the Vibratoless Voice	189
Correcting Tremolo ("Shake")	191
Vibrato and Velocity	193
Pedagogical Uses of Straight-tone	194
Uses of the Trill	195
15. Coordinating Technique and Communication	197
16. Pedagogical Attitudes: The Aesthetics of Vocal Timbre	205
The New Student	207
Compensatory Methods of Singing	208
The Technically Intense Teacher	209
The Interpretation-oriented Teacher	210
The Technique-mystique Teacher	211
The One-aspect Teacher	212
Pedagogical Balance	212
Teaching Oneself	214
17. Healthy Singing	218
Conditioning for Performance Readiness	220
Performance-day Routine	221
When <i>Not</i> to Sing	224
What to Sing	226
The Teacher-performer	228
The Question of Complete Vocal Rest	229
The Question of Medication	230

Dry Throat	231
"Clearing" the Throat	231
Fighting the Cough	232
Chewing	233
Singers and the Laryngologist	235
Weight and the Singing Voice	236
Diet and the Singer	237
Physical Exercise and Singing	238
Longevity and the Voice	238
The Optimistic Performer	239
Appendix 1. Laryngeal Structure and Function	241
Cartilaginous Structure of the Larynx	242
The Single or Unpaired Laryngeal Cartilages	242
The Paired Laryngeal Cartilages	245
Ligaments and Membranes of the Larynx	246
The Interior of the Larynx	248
Muscles of the Larynx and their Function	248
Extrinsic Muscles	249
Intrinsic Muscles	252
The Muscles of Adduction	253
The Muscles of Elongation	255
Summary of Intrinsic Laryngeal Action	256
Appendix 2. The Structure and Mechanics of the Breath Apparatus	259
The Thoracic Cage	259
The Region of the Sternum	259
The Intercostal Muscles	262
The Diaphragm	262
The Lungs and the Pleurae	267
Muscles of the Neck	270
Muscles of the Upper Torso	273
Muscles of the Anterolateral Abdominal Wall	275
Systems of Breath Control	278
Appendix 3. The Physiology of the Vocal Tract Resonator System	281
Appendix 4. The Physical Factors of Vocal Registration	287
Cricothyroid Action in Registration	287
External Frame Function	291

Damping	291
Summary of Physical Aspects of Registration	292
Appendix 5. Influences of Various Voiced and Unvoiced Consonants on Resonator Adjustment	293
Appendix 6. International Phonetic Alphabet (IPA) Symbols	297
A Concise Correlative Pronunciation Guide	297
IPA Symbols for Vowels, Semi-vowels, and French Vowel Sounds	298
International Phonetic Alphabet Symbols for Consonant Sounds	299
Glossary of Nonmusical Terms	301
Glossary of Vocal Terms	311
Bibliography	315
Articles	315
Books	350
Index	367
