|  |             |
|--|-------------|
| <b>Contents .....</b>  | <b>XIII</b> |
| <b>Figures.....</b>  | <b>XVII</b> |
| <b>Tables .....</b>  | <b>XIX</b>  |
| <b>Abbreviations .....</b>   | <b>XXI</b>  |
| <b>1. Introduction.....</b>  | <b>1</b>    |
| 1.1. Motivation and goal .....   | 1           |
| 1.2. Terms and definitions.....  | 17          |
| 1.3. Research concept.....   | 22          |
| 1.4. Thesis structure .....  | 27          |
| <b>2. Theoretical key issues in exploration for innovation.....</b>    | <b>31</b>   |
| 2.1. Tensions and relations between exploration and exploitation ..... | 31          |
| 2.2. Organizational learning perspective on exploration .....          | 35          |
| <b>3. Practical key issues in exploration for innovation .....</b>     | <b>45</b>   |
| 3.1. Exploration and exploitation in the light of innovation .....     | 45          |
| 3.2. Creativity in exploration and innovation.....                     | 48          |
| 3.3. Exploration and innovation in established firms.....              | 51          |
| 3.4. Reference framework .....   | 63          |
| <b>4. Empirical findings on exploration for innovation .....</b>       | <b>67</b>   |
| 4.1. Case selection.....   | 67          |
| 4.2. Case 1: Ciba AG.....  | 70          |
| 4.3. Case 2: W. L. Gore & Associates .....                             | 80          |
| 4.4. Case 3: Hilti AG .....  | 92          |
| 4.5. Case 4: Bühler AG .....   | 102         |
| <b>5. Conceptualizing firms' exploration approach .....</b>            | <b>113</b>  |
| 5.1. Single-case summary .....   | 113         |
| 5.2. Conceptual framework development .....                            | 126         |
| 5.3. Cross-case analysis.....  | 127         |
| 5.4. Summary of the conceptual model.....                              | 156         |

|  |            |
|--|------------|
| <b>6. Theoretical implications .....</b>                         | <b>159</b> |
| 6.1. Directed exploration in organizational learning.....        | 159        |
| 6.2. Theoretical base for exploration for innovation.....        | 160        |
| 6.3. Hypotheses on firms' exploration propensity.....            | 167        |
| 6.4. Hypotheses on firms' exploration efficacy.....              | 169        |
| 6.5. Hypotheses on firms' exploration efficiency.....            | 172        |
| 6.6. Summary of hypotheses .....                                 | 176        |
| <b>7. Managerial implications.....</b>                           | <b>177</b> |
| 7.1. Design parameters for increased exploration propensity..... | 177        |
| 7.2. Design parameters for increased exploration efficacy.....   | 180        |
| 7.3. Design parameters for increased exploration efficiency..... | 184        |
| 7.4. Summary .....   | 186        |
| <b>8. Conclusion .....</b>                                       | <b>189</b> |
| 8.1. Implications for management theory .....                    | 189        |
| 8.2. Implications for management practice .....                  | 194        |
| <b>References.....</b>   | <b>201</b> |
| <b>Appendix.....</b>   | <b>221</b> |
