

TABLE OF CONTENTS

1 INTRODUCTION ..... 7

2 THEORETICAL BACKGROUND ..... 9

2.1 Regulatory disorders ..... 9

2.2 Sleep development ..... 10

2.3 Diagnostic criteria of sleep disorders ..... 11

2.4 Prevalence rates of sleep disorders ..... 12

2.5 Etiology of sleep disorders ..... 13

2.6 Methods of assessment of infants' sleep ..... 14

2.6.1 Subjective methods ..... 14

2.6.2 Objective methods ..... 15

2.7 Baby-DIPS: Development of the Diagnostic Interview  
for the Assessment of Regulatory Disorders in Infancy ..... 18

2.7.1 Baby-DIPS: content ..... 19

2.7.2 Baby-DIPS: training ..... 20

3 PSYCHOMETRIC PROPERTIES ..... 21

3.1 Objectivity ..... 21

3.2 Reliability ..... 21

3.3 Validity ..... 24

4 METHODS ..... 27

4.1 Recruitment and procedure ..... 27

4.2 Standardized implementation of the study ..... 28

5 CONDENSATION OF RESULTS ..... 30

5.1 Reliability ..... 30

5.1.1 Baby-DIPS study ..... 31

5.1.2 Diary study ..... 31

5.2 Validity ..... 31

5.2.1 Sleep section of the Baby-DIPS & Actigraphy ..... 31

5.2.2 Sleep section of the Baby-DIPS & Baby's Day Diary© ..... 32

6 DISCUSSION ..... 34

6.1 Reliability ..... 34

6.1.1 Baby-DIPS and Diary study ..... 34

6.2 Validity ..... 37

6.2.1 Sleep section of the Baby-DIPS & Actigraphy ..... 37

6.2.2 Sleep section of the Baby-DIPS & Baby's Day Diary© ..... 39

6.4 Strengths and limitations ..... 41

6.5. Conclusion and future projects ..... 42

References ..... 43
