Preface to the First Edition ................................................................. xv
Preface to the Second Edition ......................................................... xvii
Preface to the Third Edition ............................................................. 1
Brian Adams ................................................................................. 2
   Senior Member of Technical Staff Optimization and Uncertainty Estimation; Sandia
   National Laboratories
Jeffrey Zane Anderson ................................................................. 4
   Industrial Engineer; Commonwealth Aluminum Corporation
#Alysia Appell ............................................................................. 6
   Senior Analyst; Northwest Airlines
P. Darcy Barnett ........................................................................ 8
   Computer Scientist; National Institute of Standards and Technology
Carl M. Beard ........................................................................... 10
   Mathematician; Rockwell International Corporation
Cherryl Beeman ......................................................................... 12
   Electronic Commerce Specialist; The Kodiak Group
Betsy Bennett ............................................................................. 14
   Private School Teacher; St. Albans School, Washington, DC
#Nick Bennett ........................................................................... 16
   Research Scientist; Schlumberger
Jonathan G. Blattmachr .............................................................. 18
   Partner; Milbank, Tweed, Hadley & McCloy, New York and Los Angeles
#Mary Bonar ............................................................................... 20
   Emergency Medicine Physician; Pinnacle Hospital, Harrisburg, PA
Ron Bousquet ........................................................................... 22
   R&D Project Manager; Hewlett-Packard Company
Margaret L. Brandeau ................................................................. 24
   Associate Professor of Industrial Engineering; Stanford University
Judith R. Brown ........................................................................ 26
   Manager, Advanced Research Computing Services; The University of Iowa
Denise Cammarata ...................................................................... 28
   Senior Engineer; Westinghouse Wireless Solutions Company
Cora L. Carmody ......................................................................... 30
   Manager of Systems Engineering; PRC, Inc.
Jessie Caruso ............................................................................... 32
   Senior Systems Integrator; CollabraSpace, Inc.
Jack Cassidy ............................................................................... 34
   Engineer Scientist, Firmware; Hewlett-Packard
Shane Chalke ............................................................................ 36
   Actuary/Business Owner; Chalke, Inc.

#Kathie Flood ................................................................. 84
Program Manager; Microsoft Games Studio

#Sara Ford ............................................................................. 86
Software Design Engineer in Test; Microsoft Corporation

Richard D. Fuhr ............................................................... 88
Senior Engineer; Electronic Data Systems

Holly Gaff ............................................................................ 90
Graduate Research Associate; University of Tennessee

Marshall B. Garrison ......................................................... 92
Principal Software Engineer; PictureTel Corporation

#Allen Gibson ................................................................. 94
Instructor; Stillman School of Business, Seton Hall University

Ruth Gonzalez .................................................................... 96
Research Specialist; Exxon Production Research Company

Douglas A. Gray ............................................................... 98
Senior Consultant; American Airlines Decision Technologies

Cynthia Carter Haddock ................................................... 100
Professor and Academic Program Director; University of Alabama at Birmingham

Charles R. Hadlock ......................................................... 102
Professor of Mathematics; Bentley College

Charles Hagwood ............................................................ 104
Mathematician; National Institute of Standards and Technology (NIST)

John F. Hamilton ............................................................ 106
Research Associate; Eastman Kodak Company

William D. Hammers ....................................................... 108
Chief Financial Officer; Optimal Solutions

#Jeff Hand ............................................................................ 110
Senior Physics Engineer; Raytheon

Carl M. Harris ................................................................. 112
Professor and Operations Researcher; George Mason University

Mary Hesselgrave ............................................................ 114
Distinguished Member of Technical Staff; Lucent Technologies Bell Labs

Jerry W. Highfill ............................................................. 116
Mathematical Statistician; United States Environmental Protection Laboratory

#Matthew D. Janssen ......................................................... 118
Commercial Litigation Attorney; Pepper Hamilton LLP

Richard Järvinen ............................................................. 120
Professor and Consultant; Winona State University and NASA

#Captain C.J. Jaynes ....................................................... 124
PMA 213 Program Manager; United States Navy

Denise Ann Johnston ......................................................... 126
Instructor and Consultant on Quality Control; Boeing Commercial Airplane Group

Patricia H. Jones ............................................................... 128
Professor and Chair; Methodist College
Patrick Dale McCray ........................................ 174
    Systems Project Leader; G.D. Searle & Co., a subsidiary of Monsanto

Jennifer E. McLean ........................................ 176
    Member of Technical Staff; Jet Propulsion Laboratory

Juan C. Meza .................................................. 178
    Numerical Analyst; Sandia National Laboratories

Michael G. Monticino ....................................... 180
    Associate Professor; University of North Texas

S. Brent Morris .............................................. 182
    Mathematician; National Security Agency

William D. Murphy .......................................... 184
    Applied Mathematician; Rockwell International Science Center

Michael J. Murray ........................................... 186
    Java Developer; IBM Global Services

Deenanne Kay Myers ........................................ 188
    Product Analyst; AIG Specialty Auto

Joan Peters Ogden ............................................ 190
    Consulting Actuary; Joan Ogden Actuaries

Edna Lee Paisano ............................................ 192
    Statistician; Bureau of the Census

#Amanda Peterson ........................................... 194
    Modeling and Simulation Analyst; Dynamic Research Corporation

Bruce A. Powell ............................................. 196
    Manager, Group Control; Otis Elevator Company

Marla Prenger ................................................ 198
    Associate Scientist; Procter and Gamble

Edward H. Preston .......................................... 200
    Sr. Information Systems Engineer; MITRETEK Systems, Inc.

Fred L. Preston ............................................. 202
    Systems Engineer; Lucent Technologies

Diane R. Purcell ............................................ 204
    Financial Analyst; KeyCorp

#Amanda Quiring ............................................. 206
    Project Manager; International Accounting Standards Board

Laura Readdy .................................................. 208
    Advanced Systems Engineer; Electronic Data Systems Corporation (EDS)

Brian D. Repp ................................................. 210
    Senior Data Math Analyst; Bendix Field Engineering Corporation

Mark A. Reynolds ............................................ 212
    Operations Research Manager; USAir, Inc.

Nancy K. Roderer ............................................. 214
    Director; Harvey Cushing/John Hay Whitney Medical Library, Yale University

Peter Rosenthal .............................................. 216
    Professor; University of Toronto

David S. Ross ................................................ 218
    Research Associate; Eastman Kodak Company
