Preface to the First Edition ................................................................. xv
Preface to the Second Edition ............................................................. xvii
Preface to the Third Edition ................................................................. 1

Brian Adams ....................................................................................... 2
Senior Member of Technical Staff Optimization and Uncertainty Estimation; Sandia National Laboratories

Jeffrey Zane Anderson ................................................................. 4
Industrial Engineer; Commonwealth Aluminum Corporation

#Alysia Appell ................................................................................. 6
Senior Analyst; Northwest Airlines

P. Darcy Barnett ............................................................................. 8
Computer Scientist; National Institute of Standards and Technology

Carl M. Beard ................................................................................ 10
Mathematician; Rockwell International Corporation

Cherryl Beeman ............................................................................ 12
Electronic Commerce Specialist; The Kodiak Group

Betsy Bennett .................................................................................. 14
Private School Teacher; St. Albans School, Washington, DC

#Nick Bennett .............................................................................. 16
Research Scientist; Schlumberger

Jonathan G. Blattmachr ............................................................... 18
Partner; Milbank, Tweed, Hadley & McCloy, New York and Los Angeles

#Mary Bonar .................................................................................. 20
Emergency Medicine Physician; Pinnacle Hospital, Harrisburg, PA

Ron Bousquet .................................................................................. 22
R&D Project Manager; Hewlett-Packard Company

Margaret L. Brandeau ................................................................. 24
Associate Professor of Industrial Engineering; Stanford University

Judith R. Brown ............................................................................... 26
Manager, Advanced Research Computing Services; The University of Iowa

Denise Cammarata .......................................................................... 28
Senior Engineer; Westinghouse Wireless Solutions Company

Cora L. Carmody ............................................................................ 30
Manager of Systems Engineering; PRC, Inc.

Jessie Caruso .................................................................................... 32
Senior Systems Integrator; CollabraSpace, Inc.

Jack Cassidy ..................................................................................... 34
Engineer Scientist, Firmware; Hewlett-Packard

Shane Chalke ................................................................................ 36
Actuary/Business Owner; Chalke, Inc.

Marcia P. Kastner ......................................................... 130
Research Scientist; Akamai Technologies, Inc.

Sherra E. Kerns ......................................................... 132
Professor and Chair; Vanderbilt University

Gary Kim ................................................................. 134
Accounting Manager; Perdue Farms Incorporated

#Greg King ............................................................ 136
Teacher; Dublin City Schools

Kay Strain King ....................................................... 138
Senior Environmental Mathematician; Theta Engineering, Inc.

Karen M. Kneisel ...................................................... 140
Project Manager; Otis Elevator Company

#John Kuchenbrod ..................................................... 142
Project Team Manager; The MITRE Corporation

Janice A. Kulle ......................................................... 144
Senior Product Actuary; The Baltimore Life Insurance Company

Kimberly A. Kuntz ..................................................... 146
Senior Systems Engineer; Electronic Data Systems

Michael H. Kutner ..................................................... 148
Chairman, Department of Biostatistics and Epidemiology; The Cleveland Clinic Foundation

Donna E. Lawson ...................................................... 150
Economist; National Oceanic and Atmospheric Administration

Christopher M. Legault ............................................. 152
Research Fishery Biologist; NOAA Fisheries

Loren Mernoff Lewin .................................................. 154
Senior Systems Engineer; Telcordia Technologies

Mike Lieber ............................................................. 156
Biostatistician; Cleveland Clinic Foundation

Peter A. Lindstrom .................................................... 158
Retired Professor of Mathematics; North Lake College

#Dan Loeb ............................................................... 160
Quantitative Research Department; Susquehanna International Group

Tammy M. Lofton ....................................................... 162
Actuarial Assistant; Nationwide Insurance Company

#Valerie Lopez-Zinzer, A.S.A ...................................... 164
Actuarial Associate; Watson Wyatt

Christopher M. Luczynski .......................................... 166
Senior Associate Engineer; Mask House, IBM

#Chad Magers .......................................................... 168
Scientist; Naval Surface Warfare Center

Carol J. Mandell ....................................................... 170
Market Researcher; Corporate Software, Inc.

#Carla D. Martin ...................................................... 172
Assistant Professor; James Madison University
Patrick Dale McCray .......................... 174
   Systems Project Leader; G.D. Searle & Co., a subsidiary of Monsanto

Jennifer E. McLean .......................... 176
   Member of Technical Staff; Jet Propulsion Laboratory

Juan C. Meza .................................. 178
   Numerical Analyst; Sandia National Laboratories

Michael G. Monticino ........................ 180
   Associate Professor; University of North Texas

S. Brent Morris ................................ 182
   Mathematician; National Security Agency

William D. Murphy ........................... 184
   Applied Mathematician; Rockwell International Science Center

Michael J. Murray ............................ 186
   Java Developer; IBM Global Services

Deenanne Kay Myers .......................... 188
   Product Analyst: AIG Specialty Auto

Joan Peters Ogden .............................. 190
   Consulting Actuary; Joan Ogden Actuaries

Edna Lee Paisano .............................. 192
   Statistician; Bureau of the Census

#Amanda Peterson .............................. 194
   Modeling and Simulation Analyst; Dynamic Research Corporation

Bruce A. Powell ............................... 196
   Manager, Group Control; Otis Elevator Company

Marla Prenger ................................. 198
   Associate Scientist; Procter and Gamble

Edward H. Preston ............................ 200
   Sr. Information Systems Engineer; MITRETEK Systems, Inc.

Fred L. Preston ............................... 202
   Systems Engineer; Lucent Technologies

Diane R. Purcell .............................. 204
   Financial Analyst; KeyCorp

#Amanda Quiring .............................. 206
   Project Manager; International Accounting Standards Board

Laura Readdy .................................. 208
   Advanced Systems Engineer; Electronic Data Systems Corporation (EDS)

Brian D. Repp ................................ 210
   Senior Data Math Analyst; Bendix Field Engineering Corporation

Mark A. Reynolds .............................. 212
   Operations Research Manager; USAir, Inc.

Nancy K. Roderer ................................ 214
   Director; Harvey Cushing/John Hay Whitney Medical Library, Yale University

Peter Rosenthal ............................... 216
   Professor; University of Toronto

David S. Ross ................................ 218
   Research Associate; Eastman Kodak Company
