Preface to the First Edition ................................................................. xv
Preface to the Second Edition ......................................................... xvii
Preface to the Third Edition ............................................................. 1
Brian Adams ...................................................................................... 2
    Senior Member of Technical Staff Optimization and Uncertainty Estimation; Sandia National Laboratories
Jeffrey Zane Anderson ................................................................. 4
    Industrial Engineer; Commonwealth Aluminum Corporation
#Alysia Appell .................................................................................. 6
    Senior Analyst; Northwest Airlines
P. Darcy Barnett ............................................................................. 8
    Computer Scientist; National Institute of Standards and Technology
Carl M. Beard ................................................................................ 10
    Mathematician; Rockwell International Corporation
Cherryl Beeman ............................................................................ 12
    Electronic Commerce Specialist; The Kodiak Group
Betsy Bennett .................................................................................. 14
    Private School Teacher; St. Albans School, Washington, DC
#Nick Bennett ................................................................................ 16
    Research Scientist; Schlumberger
Jonathan G. Blattmachr .................................................................. 18
    Partner; Milbank, Tweed, Hadley & McCloy, New York and Los Angeles
#Mary Bonar ................................................................................... 20
    Emergency Medicine Physician; Pinnacle Hospital, Harrisburg, PA
Ron Bousquet .................................................................................. 22
    R&D Project Manager; Hewlett-Packard Company
Margaret L. Brandeau ................................................................... 24
    Associate Professor of Industrial Engineering; Stanford University
Judith R. Brown ............................................................................. 26
    Manager, Advanced Research Computing Services; The University of Iowa
Denise Cammarata ........................................................................ 28
    Senior Engineer; Westinghouse Wireless Solutions Company
Cora L. Carmody ............................................................................ 30
    Manager of Systems Engineering; PRC, Inc.
Jessie Caruso .................................................................................. 32
    Senior Systems Integrator; CollabraSpace, Inc.
Jack Cassidy ................................................................................... 34
    Engineer Scientist, Firmware; Hewlett-Packard
Shane Chalke .................................................................................. 36
    Actuary/Business Owner; Chalke, Inc.
Judith E. Chapman  
Senior Software Engineer; Harris Scientific Calculations  

Samson Cheung  
Research Scientist; MCAT Institute, NASA Ames Research Center  

Yves Chiricota  
Professor; Université du Québec à Chicoutimi  

Megan Christensen  
Risk Analyst; Travelers Insurance  

Andrea Cook  
Employee Benefits Consultant; Plante & Moran, PLLC  

James L. Cooley  
Aerospace Mathematician; NASA Goddard Space Flight Center  

Mary K. Cooney  
Mathematics Editor; Simon & Schuster, Inc.  

Jeff Cooper  
Corporate Technical Developer; P.H. Glatfelter Company  

Joe Corrigan  
Project Mathematics!  

H. Michael Covert  
Senior Computer Systems Specialist; Chemical Abstracts Service  

Sarah Cullen  
Senior Professional Relations Representative; Bay State Health Care  

Allison DeLong  
Marine Research Associate; University of Rhode Island  

Janet P. DenBleyker  
Assistant Actuary; Buck Consultants  

Mark Derwin  

Susan J. Devlin  
Director—Measurements Research; Bellcore  

J. Wanzer Drane  
Professor of Biostatistics; University of South Carolina School of Public Health  

Arnitra Duckett  
Educational Markets Manager; Texas Instruments, Incorporated  

Paula Duckett  
Elementary School Mathematics Specialist  

Yawa Duse-Anthony  
Senior Associate; KKO and Associates  

M. Scott Elliott  
Operations Research Analyst; FedEx Corporation  

Katie Evans  
Assistant Professor; Louisiana Tech University  

Helaman Ferguson  
Sculptor  

Rol Fessenden  
Director of Inventory Control; L.L. Bean

</table>
Marcia P. Kastner ................................................................. 130
Research Scientist; Akamai Technologies, Inc.

Sherra E. Kerns ................................................................. 132
Professor and Chair; Vanderbilt University

Gary Kim ............................................................................. 134
Accounting Manager; Perdue Farms Incorporated

#Greg King .......................................................................... 136
Teacher; Dublin City Schools

Kay Strain King ................................................................. 138
Senior Environmental Mathematician; Theta Engineering, Inc.

Karen M. Kneisel ................................................................ 140
Project Manager; Otis Elevator Company

#John Kuchenbrod ............................................................ 142
Project Team Manager; The MITRE Corporation

Janice A. Kulle ..................................................................... 144
Senior Product Actuary; The Baltimore Life Insurance Company

Kimberly A. Kuntz ............................................................ 146
Senior Systems Engineer; Electronic Data Systems

Michael H. Kutner ............................................................ 148
Chairman, Department of Biostatistics and Epidemiology; The Cleveland Clinic Foundation

Donna E. Lawson .............................................................. 150
Economist; National Oceanic and Atmospheric Administration

Christopher M. Legault .................................................... 152
Research Fishery Biologist; NOAA Fisheries

Loren Mernoff Lewin ......................................................... 154
Senior Systems Engineer; Telcordia Technologies

Mike Lieber ........................................................................ 156
Biostatistician; Cleveland Clinic Foundation

Peter A. Lindstrom ........................................................... 158
Retired Professor of Mathematics; North Lake College

#Dan Loeb ........................................................................... 160
Quantitative Research Department; Susquehanna International Group

Tammy M. Lofton .............................................................. 162
Actuarial Assistant; Nationwide Insurance Company

#Valerie Lopez-Zinzer, A.S.A ............................................ 164
Actuarial Associate; Watson Wyatt

Christopher M. Luczynski ................................................ 166
Senior Associate Engineer; Mask House, IBM

#Chad Magers .................................................................... 168
Scientist; Naval Surface Warfare Center

Carol J. Mandell ............................................................... 170
Market Researcher; Corporate Software, Inc.

#Carla D. Martin .............................................................. 172
Assistant Professor; James Madison University
Patrick Dale McCray .................................................. 174
Systems Project Leader; G.D. Searle & Co., a subsidiary of Monsanto

Jennifer E. McLean .................................................. 176
Member of Technical Staff; Jet Propulsion Laboratory

Juan C. Meza ......................................................... 178
Numerical Analyst; Sandia National Laboratories

Michael G. Monticino ................................................ 180
Associate Professor; University of North Texas

S. Brent Morris ........................................................ 182
Mathematician; National Security Agency

William D. Murphy .................................................. 184
Applied Mathematician; Rockwell International Science Center

Michael J. Murray .................................................... 186
Java Developer; IBM Global Services

Deenanne Kay Myers ................................................ 188
Product Analyst; AIG Specialty Auto

Joan Peters Ogden .................................................... 190
Consulting Actuary; Joan Ogden Actuaries

Edna Lee Paisano ..................................................... 192
Statistician; Bureau of the Census

#Amanda Peterson .................................................. 194
Modeling and Simulation Analyst; Dynamic Research Corporation

Bruce A. Powell ..................................................... 196
Manager, Group Control; Otis Elevator Company

Marla Prenger ........................................................ 198
Associate Scientist; Procter and Gamble

Edward H. Preston .................................................. 200
Sr. Information Systems Engineer; MITRETEK Systems, Inc.

Fred L. Preston ........................................................ 202
Systems Engineer; Lucent Technologies

Diane R. Purcell ...................................................... 204
Financial Analyst; KeyCorp

#Amanda Quiring .................................................... 206
Project Manager; International Accounting Standards Board

Laura Readdy ........................................................ 208
Advanced Systems Engineer; Electronic Data Systems Corporation (EDS)

Brian D. Repp ......................................................... 210
Senior Data Math Analyst; Bendix Field Engineering Corporation

Mark A. Reynolds .................................................... 212
Operations Research Manager; USAir, Inc.

Nancy K. Roderer ..................................................... 214
Director; Harvey Cushing/John Hay Whitney Medical Library, Yale University

Peter Rosenthal ....................................................... 216
Professor; University of Toronto

David S. Ross ........................................................ 218
Research Associate; Eastman Kodak Company
Edward Rothstein ......................................................... 220
Cultural Critic-At-Large; New York Times

Christine Rutch .......................................................... 222
Associate Statistician; Air Products and Chemicals, Inc.

Bonita V. Saunders ...................................................... 224
Mathematician; National Institute of Standards and Technology

Julie Scarpa .............................................................. 228
Mathematics Product Manager; Prentice Hall School Division

Jeffrey A. Schneider ..................................................... 230
Secondary Mathematics Teacher; Eden Prairie High School

Joel Schneider ............................................................. 232
Vice President for Education and Research; Square One TV: Children's Television Workshop

Deborah A. Southan ..................................................... 236
Scientific Systems Programmer; Bendix Field Engineering Corporation

Mitchell Stabbe .......................................................... 238
Partner; Dow, Lohnes & Albertson, PLLC

Arthur P. Staddon ......................................................... 240
Clinical Associate Professor; University of Pennsylvania School of Medicine

#Courtney Stephens ..................................................... 242
Senior Commercial Analyst; The Americas Marathon Oil Company

Robert L. Stewart ........................................................ 244
NASA Astronaut/Director of Advanced Programs; Nichols Research Corporation

Mary Kay Esworthy Stiles ............................................... 246
Marketing Specialist/Claims Manager; Riedman Insurance

Kathy Haas Stukus ......................................................... 248
Member Technical Staff; AT&T Network Systems

Lisa M. Sullivan .......................................................... 250
Senior Budget Analyst; Bureau of Medicine and Surgery, Department of the Navy

Elizabeth Sweet .......................................................... 252
Mathematical Statistician; Bureau of the Census

Julie S. Tarwater .......................................................... 254
Quality Control Manager; Biles & Associates

Debra W. Taufen .......................................................... 256
Marketing Manager; IBM Corporation

Frederick C. Taverner ................................................... 258
District Systems Engineering Manager; Sun Microsystems, Inc.

Mark P. Terry ............................................................ 260
Systems Engineer; Trident Systems Incorporated

Jill L. Tolle ............................................................... 262
Senior Statistician; I.M.S. America

Lisa M. Tonder ............................................................ 264
Principal Statistician; Medtronic, Inc.

#Jane Turnbull ............................................................ 268
Assistant Vice President; Equifax
