## Section I **Introduction**

### 1 On defining addiction 3

*Nick Heather*

## Section II **Philosophical foundations**

### 2 How do you know you have a drug problem? The role of knowledge of negative consequences in explaining drug choice in humans and rats 29

*Hanna Pickard and Serge H. Ahmed*

### 3 Addiction: the pleasures and perils of operant behavior 49

*Bennett Foddy*

### 4 Willing addicts? Drinkers, dandies, druggies, and other Dionysians 66

*Owen Flanagan*

### 5 Failures of rationality and self-knowledge in addiction 82

*Thomas Crowther*

### 6 Normal and addictive desires 99

*Patrick Butlin and David Papineau*

### 7 Addiction, compulsion, and weakness of the will: a dual-process perspective 116

*Edmund Henden*

### 8 Addiction as a form of akrasia 133

*Nick Heather*

## Section III **Perspectives from neuroscience**

### 9 Compulsion and choice in addiction 153

*Richard Holton and Kent Berridge*

### 10 Choice in addiction: a neural tug of war between impulse and insight 171

*Marc D. Lewis*

### 11 Assessing drug choice in human addiction: costs, benefits, and findings from current research paradigms 186

*Scott J. Moeller and Rita Z. Goldstein*

- 12** The role of the insula in goal-directed drug seeking and choice in addiction 205

*Nasir H. Naqvi and Antoine Bechara*

#### **Section IV Perspectives from behavioral economics and cognitive psychology**

- 13** Palpating the elephant: current theories of addiction in light of hyperbolic delay discounting 227

*George Ainslie*

- 14** Addiction as social choice 245

*Howard Rachlin*

- 15** Nonconscious motivational influences on cognitive processes in addictive behaviors 259

*W. Miles Cox, Eric Klinger, and Javad S. Fadardi*

- 16** Self-regulation, controlled processes, and the treatment of addiction 286

*Andrew J. Vonasch, Heather M. Maranges, and Roy F. Baumeister*

#### **Section V Implications for treatment, prevention, and public health**

- 17** The blindfold of addiction 307

*Beth Burgess*

- 18** Behavioral economics as a framework for brief motivational interventions to reduce addictive behaviors 325

*James G. Murphy, Ashley A. Dennhardt, and Ali M. Yurasek*

- 19** Role of choice biases and choice architecture in behavioral economic strategies to reduce addictive behaviors 346

*Jalie A. Tucker, Susan D. Chandler, and JeeWon Cheong*

- 20** How an addict's power of choice is lost and can be regained 365

*Gabriel Segal*

#### **Section VI Implications for the public understanding of addiction and for legal responsibility for addictive behavior**

- 21** What addicts can teach us about addiction: a natural history approach 385

*Gene M. Heyman and Verna Mims*

- 22** How a stigmatic structure enslaves addicts 409

*Beth Burgess*

- 23** Addiction, choice, and criminal law 426

*Stephen J. Morse*

## Section VII **Conclusions**

### **24 Ambiguous terms and false dichotomies 449**

*Gabriel Segal*

### **25 Overview of addiction as a disorder of choice and future prospects 463**

*Nick Heather*

### **Index 483**
