

DETAILED CONTENTS

<i>Acknowledgments</i>	xix
<i>Mapping the Book</i>	xxi
PART I. SCIENCE AND SOCIAL PSYCHOLOGY	1
Chapter 1. The Scope of Social Psychology	3
THE RATIONALE OF SOCIAL PSYCHOLOGY	4
Why Do We Need a Science of Human Experience?	4
Explaining Mysteries of Human Experience	5
Understanding Problems in Social Life	6
Intergroup Conflict	6
The "Group Mind"	7
Interpersonal Discord	7
Personal Dysfunction	7
Resolving Philosophical Issues	8
Good and Evil	8
Free Will	9
Human Uniqueness	9
Utopia	10
Integrating Human Experience	11
The Psychodynamic Perspective	11
The Social Learning Perspective	12
The Control Systems Perspective	12
The Evolutionary Perspective	13
The Cultural Perspective	14
The Dynamical Systems Perspective	15
SOCIAL PSYCHOLOGY AND OTHER HUMAN SCIENCES	16
How Is Social Psychology Related to Other Topics of Human Behavior?	16
Other Areas of Psychology	16
Personality Psychology	16
Cognitive Psychology	16
Biological Psychology	16
Developmental Psychology	16
Clinical Psychology	17
Other Social Sciences	17
Sociology	17
Anthropology	17
Political Science	17
Economics	18
The Youngest Science	18
"Common Sense" and Social Psychology	18
Spotlight of Scientific Attention	18
Cultural Relativity	19

THE ROAD AHEAD	20
How Will We Proceed?	20
<i>The Approach of Social Psychology</i>	20
<i>Intrapersonal Experience</i>	20
<i>Interpersonal Experience</i>	21
<i>Collective Experience</i>	21
<i>Social Psychology in Perspective</i>	22

Chapter 2. The Approach of Social Psychology **23**

SCIENTIFIC SOCIAL PSYCHOLOGY	24
How Is Science Used to Understand Human Experience?	24
<i>The Scientific Method</i>	25
Stages of the Scientific Method	25
Evaluating Theories	26
<i>The Scientific Advantage</i>	27
Implicit Psychology	28
Social Wisdom	29
Science in Perspective	29
Why Don't People Believe the Results of Science?	29
RESEARCH STRATEGIES	30
What Are the Methods Used in Social Psychology Research?	30
<i>Correlation</i>	30
Identifying Relationships	31
Archival Research	32
Limitations of Correlation	32
<i>Experiment</i>	34
Identifying Causes	34
Limitations of Experimental Research	35
Ethics of Experimental Research	36
<i>Computer Simulation</i>	37
The Advantages of Computer Simulation	38
Limitations of Computer Simulation	39
<i>The Promise of "Big Data"</i>	39
SOCIAL PSYCHOLOGY AND BIOLOGY	40
How Is Biology Relevant to Social Psychology Research?	40
<i>Nature Versus Nurture</i>	41
<i>Brains and Minds</i>	42
SUMMING UP AND LOOKING AHEAD	43

PART II. INTRAPERSONAL EXPERIENCE **45**

Chapter 3. Beliefs, Attitudes, and Values **47**

THE NATURE OF BELIEFS, ATTITUDES, AND VALUES	48
How and Why Do People Develop Generalizations About Social Reality?	48
The Functions of Attitudes	48
Utilitarian Function	48
Ego-Defensive Function	49
Value-Expressive Function	51
Knowledge Function	51
Perseverance of Beliefs and Attitudes	52
<i>The Organization of Attitudes</i>	53
The Press for Coherence	53
Need for Closure	54
Attitude Dimensions	55
<i>Values</i>	56
Evolutionary Foundations	57

Cultural Foundations	57
Terror Management	58
ATTITUDES AND BEHAVIOR	60
How Are People's Private Attitudes Related to Their Public Behavior?	60
<i>Attitudes in Action</i>	60
<i>Cognitive Dissonance Theory</i>	61
Attitude-Behavior Consistency	62
Reverse Incentive Effect	62
Choice and Consequences	63
Mind and Body	65
CONSCIOUS AND UNCONSCIOUS ATTITUDES	66
Can People Control What They Think?	66
<i>Automatic Versus Controlled Processing</i>	66
Cognitive Load	67
Thought Suppression	67
<i>Unconscious Thought</i>	69
The Advantages of Unconscious Thinking	69
The Benefits of Conscious Thinking	70
<i>Implicit Attitudes</i>	70
SUMMING UP AND LOOKING AHEAD	73
Chapter 4. Emotion	75
THE EXPERIENCE OF EMOTION	76
What Does It Mean to Feel an Emotion?	76
<i>The Varieties of Emotional Experience</i>	76
The Structure of Emotions	76
Affect Intensity	78
<i>Emotional Expression</i>	78
Universality in Emotional Expression	78
Culture and Emotional Expression	79
<i>Mind, Body, and Emotion</i>	79
Facial Feedback	80
Bodily Arousal	80
Interpretation of Bodily Arousal	82
Misattribution of Arousal	84
Mental Dynamics	84
<i>Emotional Adaptation</i>	85
The Hedonic Treadmill	86
Personal Happiness	86
Affective Forecasting	87
Emotional Variability	88
THE PURPOSE OF EMOTION	89
Why Do People Have Emotions?	89
Attention	89
Thinking	89
Judgment	89
Reasoning	90
Action	91
Choice of Action	91
Quality of Action Performance	92
THE CONTROL OF EMOTION	94
How Do People Control Their Emotions in Daily Life?	95
<i>Emotional Regulation</i>	95
Mental Control of Emotion	95
Bodily Control of Emotion	96

Behavioral Control of Emotion	97
Gender Differences in Emotion Regulation	98
<i>Emotional Intelligence</i>	98
SUMMING UP AND LOOKING AHEAD	98

Chapter 5. Self-Concept 100

FUNDAMENTALS OF THE SELF	101
What Does It Mean to Think About Oneself?	101
<i>The Capacity for Self-Awareness</i>	101
Mental Thresholds	101
Self-Recognition	102
<i>The Content of Self-Awareness</i>	105
<i>Sources of Self-Knowledge</i>	105
Self-Perception	106
Social Feedback	106
Social Comparison	107
<i>Culture and the Self</i>	108
SELF-ORGANIZATION	110
How Do People Develop a Self-Concept?	110
<i>Introspection</i>	110
<i>Emergence</i>	110
The Emergence Process	111
The Emergence of Self-Structure	111
Multiple Selves	113
<i>Self-Esteem</i>	116
Bases of Self-Esteem	117
Explicit and Implicit Self-Esteem	118
Narcissism and Self-Esteem	118
SELF-DEFENSE	120
How Do People Protect Their Self-Concept?	120
<i>Self-Evaluation Maintenance</i>	120
<i>Self-Verification</i>	121
<i>Threatened Egotism</i>	122
<i>Self-Handicapping</i>	123
<i>Self-Concept Change</i>	124
SUMMING UP AND LOOKING AHEAD	126

Chapter 6. Personal Control 128

PERSONAL AGENCY	129
When Do People Feel in Charge of Their Behavior?	129
<i>The Self-Perception of Control</i>	129
<i>Agency and Subjective Well-Being</i>	130
Internal Versus External Control	130
Stress	131
Resilience	133
<i>Intrinsic Motivation</i>	134
SELF-REGULATION	136
How and Why Do People Transcend Pleasure and Pain?	136
<i>Enlightened Self-Interest</i>	136
<i>The Self in Self-Regulation</i>	137
Self-Awareness and Human Nature	137
Consequences of Self-Awareness	138
Escaping the Self	140
Conflict Among Standards	140
Regulatory Focus	142
<i>Emotion and Self-Regulation</i>	142

Self-Conscious Emotions	142
Culture and Self-Conscious Emotions	144
PROBLEMS IN PERSONAL CONTROL	144
When Is Personal Control Ineffective or Illusory?	144
<i>Performance Impairment</i>	144
<i>Self-Regulation Failure</i>	145
Mental Control	146
Mental Energy	146
<i>Illusions in Personal Control</i>	148
Illusions of Personal Agency	148
Illusions of External Agency	150
Free Will	151
SUMMING UP AND LOOKING AHEAD	151
PART III. INTERPERSONAL EXPERIENCE	155
Chapter 7. Social Judgment	157
THE POINT OF SOCIAL JUDGMENT	158
Why Do People Try to Understand Other People?	158
<i>Evolutionary Foundations</i>	158
<i>Personality Inference: Knowing Others</i>	160
Automatic Inferences	160
Cognitive Heuristics	161
Mind Perception	162
<i>Evaluation: Distinguishing Good and Bad</i>	162
The Halo Effect	162
Implicit Personality Theory	164
<i>Attribution: Assessing Responsibility</i>	166
Internal Versus External Attribution	166
The Fundamental Attribution Error	167
Actor-Observer Differences	169
SOCIAL JUDGMENT IN CONTEXT	169
What Factors Affect People's Judgments of One Another?	169
<i>Mental Effort</i>	170
Mood	170
Cognitive Needs	170
Social Interdependence	171
Social Status	172
<i>Accessibility and Priming</i>	173
<i>Culture</i>	175
The Correspondence Bias	175
The Self-Serving Bias	175
STABILITY VERSUS CHANGE IN SOCIAL JUDGMENT	176
What Determines Whether People Resist Change in Their Judgments?	176
<i>Biases in Thinking</i>	176
Selective Attention	176
Behavior Interpretation	177
Confirmation Bias	178
Illusory Correlation	178
<i>Biases in Action</i>	179
Autistic Hostility	180
Self-Fulfilling Prophecy	180
<i>Change in Social Judgment</i>	181
Disassembly and Reconfiguration	181
Perspective Taking	182
SUMMING UP AND LOOKING AHEAD	182

Chapter 8. Social Interaction	185
SOCIAL MOTIVATION	186
Why Do People Interact With One Another?	186
<i>The Importance of Social Contact</i>	186
The Need for Social Connections	187
Loneliness	188
Social Rejection	191
<i>The Goals of Social Interaction</i>	193
Acceptance, Liking, and Respect	193
Cognitive Clarity	195
Social Networks	196
THE SELF IN SOCIAL INTERACTION	197
How and Why Do People Try to Control How They Are Seen by Others?	197
<i>Self-Verification</i>	198
<i>Self-Presentation</i>	198
Modes of Self-Presentation	198
Cultural Differences in Self-Presentation	200
Self-Monitoring	200
THE DYNAMICS OF SOCIAL INTERACTION	202
How Do People Interact With One Another?	202
<i>Nonverbal Communication</i>	202
The Function of Nonverbal Behavior	202
Facial Communication	203
Proxemics	203
<i>Behavioral Mimicry</i>	204
The Chameleon Effect	204
The Functions of Mimicry	204
<i>Emotional Synchrony</i>	207
Bases of Synchrony	207
Anticipating Social Interaction	207
<i>Interpersonal Expectations</i>	208
Behavior Confirmation	208
Overcoming Behavior Confirmation	208
SUMMING UP AND LOOKING AHEAD	209
Chapter 9. Close Relationships	211
ATTRACTION	212
Who Likes Whom, and Why?	212
<i>Physical Attraction</i>	212
Universal Features	213
Female Attractiveness	214
Male Attractiveness	216
<i>Similarity</i>	217
<i>Complementarity</i>	218
<i>Proximity</i>	219
<i>Emotion</i>	220
Affect and Preference	220
Misattribution of Arousal	221
<i>Social Exchange</i>	223
Comparison Levels	224
Reciprocity of Liking	225
ROMANTIC RELATIONSHIPS	225
How and Why Do People Form Intimate Relationships?	225
<i>The Meaning of Love</i>	226
Universals of Love	227

	229
Chemistry of Love	230
Cultural Differences	230
<i>Interdependence</i>	231
Exchange and Communal Orientations	231
Attachment	232
<i>Male and Female Agendas</i>	233
Currency of Social Exchange	235
Sex Ratio and Social Exchange	236
Homosexuality	237
DISSOLUTION OF RELATIONSHIPS	237
Why Do Close Relationships Fail?	237
<i>Social Exchange Dynamics</i>	237
Change in Comparison Levels	239
Fairness and Equity	239
<i>"Cheating"</i>	239
Jealousy	241
Infidelity	244
<i>Signals of Impending Doom</i>	245
SUMMING UP AND LOOKING AHEAD	247
Chapter 10. Social Influence	247
BEHAVIOR CONTROL	248
How Do People Exert Direct Control Over Others?	248
<i>Reward and Punishment</i>	248
<i>Legitimate Authority</i>	249
Obedience to Authority	249
Obedience to Authority in Perspective	253
<i>Limitations to Behavior Control</i>	253
PERSUASION	256
How Do People Change Other People's Opinions, Beliefs, and Values?	256
<i>Characteristics of the Communicator</i>	256
Credibility	256
Likability	257
<i>Characteristics of the Message</i>	258
Self-Confidence	258
Speech Rate	258
One-Sided Versus Two-Sided Messages	259
Communicating First Versus Last	259
Emphasis on Gains Versus Losses	260
Appeals to Fear	261
The Message and the Medium	261
<i>Mode of Processing</i>	261
Central Versus Peripheral Processing	261
Disassembly and Emergence	264
<i>Temporal Effects</i>	264
The Sleeper Effect	264
Emotional Appeals	264
MANIPULATION	265
How Do People Manipulate Others' Preferences, Decisions, and Actions?	265
<i>Manipulation Through Liking</i>	266
Personal Qualities	266
Similarity	266
Flattery	266
<i>Manipulation Through Scarcity</i>	266
<i>Manipulation Through Norms</i>	267
The Norm of Reciprocity	267

"Door in the Face"	268
"That's Not All!"	268
<i>Manipulation Through Commitment</i>	268
"Foot in the Door"	268
"Throwing a Low-Ball"	269
"Bait and Switch"	270
<i>Manipulation Through Mood</i>	270
Positive Mood	270
Negative Mood	270
<i>Manipulation Through Priming</i>	271
SUMMING UP AND LOOKING AHEAD	272

PART IV. COLLECTIVE EXPERIENCE **275**

Chapter 11. Antisocial and Prosocial Behavior **277**

GOOD VERSUS EVIL IN HUMAN NATURE	278
Are People Basically Selfish and Hostile or Socially Concerned and Helpful?	278
<i>Expressions of Good and Evil</i>	278
Types of Hurting	279
Types of Helping	279
<i>Evolutionary Foundations</i>	280
Aggression	280
Prosocial Behavior	281
<i>Biological Bases</i>	282
Genetic Variation	282
Gender	283
CAUSES AND TRIGGERS OF AGGRESSION	284
What Promotes Antagonistic and Hostile Interpersonal Behavior?	284
<i>Social Learning</i>	284
Parents and Peers	284
Media Violence	285
Violent Video Games	287
<i>Society and Culture</i>	288
Income Inequality	288
Cultural Differences	289
Culture of Honor	290
<i>Triggers of Aggression</i>	290
Frustration and Discomfort	291
Revenge	292
Loss of Self-Control	293
Threatened Egotism	293
Social Isolation and Rejection	294
Weapons	294
What Triggers School Shootings?	294
BASES OF PROSOCIAL BEHAVIOR	296
Why Do People Help One Another and Engage in Altruistic Behavior?	296
<i>Culture and Society</i>	296
Universal Norms	297
Cultural Differences	297
Variable Resources	299
<i>Personal Motives</i>	299
Social Approval	299
Emotion	299
Empathy	300

	301
<i>Prosocial Behavior Derailed</i>	302
Pluralistic Ignorance	303
Diffusion of Responsibility	305
Disbelief in Free Will	306
SUMMING UP AND LOOKING AHEAD	308
Chapter 12. Group Dynamics	309
INDIVIDUALS AND GROUPS	309
What Are Groups and Why Do People Form Them?	309
<i>The Defining Features of Groups</i>	310
Common Focus	310
Mutual Influence	310
Shared Reality	311
Coordinated Action	311
<i>The Attraction of Groups</i>	311
Evolutionary Foundations	312
Individual Motivation	313
Group Functions	313
Social Identity	313
THE GROUP MIND	313
How Do People Think in Groups?	314
<i>Uniformity in Groups</i>	314
Conformity	315
Normative and Informational Influence	317
Groupthink	318
Group Polarization	319
<i>Individuality in Groups</i>	322
GROUP ACTION	322
What Do Groups Do?	322
<i>Deindividuation</i>	322
<i>Social Roles</i>	324
<i>Leadership</i>	325
Leadership Style	325
Leadership Roles	326
<i>Individual Versus Group Performance</i>	326
"Wisdom of Crowds"	327
Social Loafing	328
Social Facilitation	329
SOCIAL NETWORKS	330
How Are People in a Society Connected to Each Other?	330
<i>Network Properties</i>	331
<i>Small-World Phenomenon</i>	333
<i>Social Capital</i>	334
<i>Networks Versus Groups in Modern Society</i>	334
Clustering and Polarization	335
The Future of Social Relations	335
SUMMING UP AND LOOKING AHEAD	336
Chapter 13. Prejudice, Stereotypes, and Discrimination	338
IN-GROUP AND OUT-GROUP DYNAMICS	339
How and Why Do People Judge Members of Other Groups Negatively?	339
<i>The Interplay of Prejudice, Stereotyping, and Discrimination</i>	339
<i>Social Identity</i>	340
<i>In-Group and Out-Group Evaluation</i>	341
In-Group Favoritism and Out-Group Derogation	341
Stereotyping	343
Inferring the Minds of Out-Group Members	344

<i>Prejudice in Action</i>	345
Discrimination	345
Intergroup Conflict and Violence	346
MAINTENANCE OF PREJUDICE AND STEREOTYPES	348
Why Are Broad Generalizations About Other People Resistant to Change?	348
<i>Personality and Prejudice</i>	349
The Bigoted Personality	349
Self-Esteem	350
<i>Cognitive Biases</i>	351
Confirmation Bias	352
Behavior Interpretation	352
Level of Action Description	354
Illusory Correlation	354
Subtyping	355
<i>Self-Fulfilling Prophecy</i>	355
Behavioral Confirmation	355
Stereotype Threat	356
<i>Covert Prejudice</i>	358
Modern Racism	359
Implicit Prejudice	359
REDUCING INTERGROUP CONFLICT	361
How Can Stereotypes, Prejudice, and Intergroup Conflict Be Eliminated?	361
<i>Suppression of Prejudice</i>	361
<i>Superordinate Goals</i>	361
<i>Cross-Cutting Social Identities</i>	364
<i>Positive Mood</i>	364
SUMMING UP AND LOOKING AHEAD	365
Chapter 14. Dilemmas of Social Life	367
SOCIAL INTERDEPENDENCE	368
How Do People Balance Self-interest and the Interests of Others?	368
<i>Social Dilemmas</i>	368
Tragedy of the Commons	369
Prisoner's Dilemma	369
Public Goods Game	372
<i>Defection Versus Cooperation</i>	373
Individual Differences	373
Expectations and Trust	374
Self-Regulation	375
SOCIAL JUSTICE	375
How Important Is Justice to Social Life?	375
<i>Justice and Human Nature</i>	376
Revenge	376
Belief in a Just World	376
Ironic Justice	378
Ultimate Justice	379
<i>System Justification</i>	380
Inequality and Fairness	380
Psychological Compensation for Inequality	380
Limits to System Justification	381
<i>Political Orientation</i>	383
The Values Perspective	384
The Ego-Defensive Perspective	386
MORALITY	388
What Are the Psychological Foundations of Morality?	388

<i>Rationality Versus Emotion</i>	388
Thinking and Moral Judgment	389
Emotion and Moral Judgment	389
<i>Religion</i>	391
<i>Moral Hypocrisy</i>	392
Private Versus Public Action	392
Power and Double Standards	393
SUMMING UP AND LOOKING AHEAD	394
 PART V. SOCIAL PSYCHOLOGY IN PERSPECTIVE	 397
Chapter 15. The Relevance of Social Psychology	399
FROM IMPLICATIONS TO APPLICATION	399
How Is Social Psychology Relevant to Issues in Contemporary Life?	399
<i>Stress and Modern Life</i>	399
Modernity and Stress	400
Stress and Well-Being	400
Coping with Stress	401
<i>Happiness</i>	401
Illusory Happiness	402
True Happiness	403
<i>Law and Criminal Justice</i>	406
Evidence Credibility	406
Bias in Judging Guilt	407
Action Identification in Judging Guilt	408
Crime and Punishment	410
<i>The Environment</i>	412
Resolving Social Dilemmas	412
Preserving the Environment	413
SOCIAL CHANGE	415
What Promotes Societal and Cultural Change?	415
<i>The Emergence of Norms and Values</i>	415
The Emergence of Social Structure	415
Minority Influence	417
<i>What the Future Holds</i>	420
The Case for Pessimism	420
The Case for Optimism	421
Which Scenario Will Prevail?	423
SUMMING UP AND LOOKING FORWARD	424
A CONCLUDING COMMENT: YOUR PERSONAL CONDUCT?	425
 <i>References</i>	 426
<i>Subject Index</i>	480
<i>Author Index</i>	488
