<i>Preface</i>	iii
1. Mururé (<i>Brosimum acutifolium</i> Huber) in the Treatment of Syphilis in Colonial Amazonia: From Historical Data to the Actual Contribution in Treatment <i>Erika Fernanda de Matos Vieira, Maria da Graça Ribeiro Campos and Flávia Cristina Araújo Lucas</i>	1
2. Agroecology, Local Knowledge and Participatory Research: Articulation of Knowledge for Sustainable Use of Plant Resources in Agroecosystems <i>Santiago Peredo Parada and Claudia Barrera</i>	19
3. The Path of Ethnopharmacobotany: From Economic Botany to Ethnobotany <i>Marcelo L. Wagner, Leonardo M. Anconatani, Rafael A. Ricco, Beatriz G. Varela and Gustavo C. Giberti</i>	34
4. Patagonian Berries: An Ethnobotanical Approach to Exploration of their Nutraceutical Potential <i>Melina F. Chamorro, Ana Ladio and Soledad Molares</i>	50
5. Status of Research on Medicinal Plants in the Cajamarca's Region, Peru <i>Juan F. Seminario Cunha, Berardo Escalante Zumaeta and Alejandro Seminario Cunha</i>	70
6. Recent Reports on Ethnopharmacological and Ethnobotanical Studies of <i>Valeriana carnosa</i> Sm. (Valerianaceae) <i>Soledad Molares, Ana H. Ladio and Nicolás Nagahama</i>	90
7. Traditional Knowledge of Antivenom Plants: Bioactive Compounds and Their Antiaphidic Properties <i>Carolina Alves dos Santos, Marco V. Chaud, Valquíria Miwa Hanai Yoshida, Raksha Pandit, Mahendra Rai and Yoko Oshima-Franco</i>	103

8. Ethnobotanical Study of Dakshin Dinajpur District of West Bengal — An Overview	132
<i>Tanmay Chowdhury, Subhas Chandra Roy and Dilip De Sarker</i>	
9. Antipsoriatic Medicinal Plants: From Traditional Use to Clinic	158
<i>José Luis Ríos, Guillermo R. Schinella and Isabel Andújar</i>	
10. Knowledge of the Ethnomedicinal Plants Used by Tobas and Mocovíes Tribes in the Central-North of Argentina	187
<i>María I. Stegmayer, Norma H. Alvarez, Melina G. Di Liberto, Lucas D. Daurelio and Marcos G. Derita</i>	
11. Ethnobotany of <i>Teucrium</i> Species	214
<i>Milan S. Stanković and Nenad M. Zlatić</i>	
12. Ethnobotanical Issues on Medicinal Plants from Paraguay	232
<i>Rosa Luisa Degen de Arrúa, Yenny González and Esteban A. Ferro B.</i>	
13. An Overview of <i>Vetiveria zizanioides</i> (Linn.) Nash (Poaceae): Traditional Uses and Products	255
<i>Shubhangi N. Ingole</i>	
14. Native Medicinal Plants Used for the Treatment of Nervous System Ailments in Chile and the Current State of Its Scientific Studies	275
<i>Arline Martínez, Luisauris Jaimes, Raul Vinet, Tiare Segura, Claudio Laurido and José L. Martínez</i>	
15. Medicinal Plants Used by the Tharu Communities in Nepal	288
<i>Shandesh Bhattarai</i>
